NATIONAL CONFERENCE AND EXHIBITION ON RURAL INNOVATIONS

Date : March 24 - 25, 2023

Organized by

Unnat Bharat Abhiyan SSM Institute of Engineering and Technology

(Approved by AICTE,

New Delhi & Affiliated to Anna University, Chennai,
Accredited by NAAC(2019-2024) & NBA(2022-2025))
Dindigul, Tamilnadu - 624002.

In Association with

- Mahatma Gandhi Institute for Rural Industrialization (MGIRI)
- MSME Madurai
- MAXELERATOR Foundation Madurai
- UBA of TNAU

About UBA

Umat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an inclusive India. The conceptualization of UBA started with the initiative of a group of dedicated faculty members of IIT Delhi working for long in the area of rural development and appropriate technology. The concept was nurtured through wide consultation with the representatives of a number of technical institutions.

About SSMIET

Sri Shanmugavel Mills (SSM) is one of the leading business houses in Textile Industry in Dindigul District for over 30 years. SSM Group's strong desire to offer world-class high-quality Engineering Education has led to the launch of SSMIET at Dindigul from the academic year 2011-2012. Knowledge is provided by teachers, text books and interactive modes with others in the society. Skills could be developed only through perennial practice. SSMIET imbibe those qualities in the younger generation, besides education. As a basic philosophy, all the students would be inculcated with the importance of ethics, values, respect for nature and national pride.

About Conference

The objective of the conference is to demonstrate how rural problems can be treated as research challenges so that mainstream researchers take interest in order to get quality publications while solving socially relevant problems. This in turn will help in the documentation and awareness generation throughout the world not to mention. Satisfying the criteria for career advancement, it is expected that such activities among our younger generation will make them more conscious about the gross root level social issues enabling them to bring new technological solutions in the form of appropriate design or entrepreneurship models for the benefit of the rural

masses. In addition, other organizations working in similar directions are also invited to submit papers and participate to evolve sustainable synergy among ourselves.
