TREE SAPLING CEREMONY

REPORT

A world record event of Tree planting (6 lakh saplings in 6 hours) held on 23.12.2022 (Friday) at Edayakottai in Oddanchatram Taluk of Dindigul District. Tamil Nadu Food and Food Supply Department (Food and Food Supply, Consumer Protection, Price Control) Minister Mr. Inaugurated by R. Chakrapani. Two additional ministers graced the occasion by participating. More than 200 students and 19 faculty members from our college participated in it. Also, A large number of college students, public works department employees, village administrators, social welfare department employees, local municipality department officers and government officials participated in this. Local municipality department officers guided us on how to plant a sapling properly. The trees are important in environmental and ecology concern. Neem, Punga, Vagai, Kodukkapuli, Amla, Arjuna, Vengai and Atthi and various new varieties items were planted. Due to rain and water availability, 90% saplings are getting survival and people are involving in tree planting and rearing work. On that afternoon, lunch was organized for everyone by the government. Our students participated with great enthusiasm.

Awareness Programme on Homoeopathy to school going Children in Tamil nadu

-Concept Note-

1. Introduction

The 21st century is very expeditious, making life easy with innovations and advancements in every field of life. So, it becomes necessary to gain information and awareness on health with other contemporary knowledge. Children are considered to be the future trend setters; proper education and awareness will definitely nurture and stimulate them effectively. India has the world's largest child population, about 40% of the total population. The young school going children are the proprietor of mind with creativity and productivity.

It is easy to nurture young minds by inculcating new ideas and witness its benefits in the future through their behavior. Creating awareness among school going children will create a great impact on family as well as friends. The Homoeopathy system of medicine famously known as sweet pills though used by most of the people of all age group, there is yet another population unaware about this system of medicine. The Ministry of AYUSH, Govt. of India has developed many schemes and programmes to create awareness about Indian system of Medicine and Homoeopathy (AYUSH) among the general population through various medium. Capturing the attraction of the Young buds plays a vital role for development of the system. As it can inspire the young minds to develop better ideas about the alternative system of medicines, benefits including scope and limitations of complication free Homoeopathic system and choose the career in path either to support or develop the system.

The fundamental reasons for involving the school students:

- Present-day students will be tomorrow's beneficiaries.
- By understanding the status of health systems available in the country students could develop a sense towards its development.
- Students have a role in utilizing their creativity, technologies, and inter-connectedness to bring innovative ideas for development of the system for therapeutics, education or research.
- For the empowerment and wellbeing of young people.

Sarada Krishna Homoeopathic Medical College, Kulasekharam is regularly conducting School Health programmes and Health education programmes as part of its community programme (extension activities). Its services continued

as preventive and curative health care services during the outbreak of COVID-19 Pandemic. Government of India as part of its celebration of India's 75th Independence "AzadiKaAmritMahotsav" intorialia issued guidelines for conducting AYUSH related activities by associating 75000 schools across the nation to spread AYUSH systems of Medicine and AYUSH medical streams. As per the direction of National Commision for Homoeopathy and Ministry of AYUSH, Sarada Krishna Homoeopathic Medical Collegehas decided to conduct Awareness Programmes on Homoeopathy among Primary, Middle and Senior Secondary School children in collaboration Regional Co-ordinating Institute, Unnat Bharat Abhiyan – The Gandhigram Rural Institute.

2. Objectives

- To make the students to aware about the basics of AYUSH systems of Medicine and AYUSH Medical streams.
- To create awareness aboutbenefits and strengths Homoeopathic system of Medicinein patient care.
- To develop young creative ideas for innovative technology based development of the system and foster health conscious culture in the society.
- To disseminate knowledge about Health care services like AYUSH and Homoeopathy.
- To explore and utilize the profound health benefits of Homoeopathy.

3. DurationoftheProgramme

The duration of the Programmeshall be one year, from 15.08.2021 to 14.08.2022 through online medium.

4.Methodologyofthe Programme

The Programme is designed for the students of Primary, Middle and Senior Secondary Schools in Tamilnadu. Details of the students to the associated and consent of the concerned schools have to be collected.

The Subject experts from Sarada Krishna Homoeopathic Medical College - Faculty Members, PG scholars and Interns will beorganizing the awareness programme with the technical support of Regional Co-ordinating Institute, Unnat Bharat Abhiyan – The Gandhigram Rural Institute to create awareness about AYUSH and Homoeopathy all over Tamilnadu. The Programme consists of (1) Getting permission from the District administrator(2) discussion with the teachers & Head masters(3)2 hours online

session on Homoeopathy among middle and senior secondary school children covering various aspects of Homoeopathy – Introduction to AYUSH & Homoeopathy, Benefits of Homoeopathic system of Medicine, Present scenario of Homoeopathic health care dissemination, New ideas to promote Homoeopathy for day to day health issues [learner centrically designed]. The reports of the programme conducted will be submitted weekly to the Head of the Institution.

5. Learning Outcomes:

This Programme gives importance to create awareness to school children about Homoeopathy in the field of Therapeutics, Education as well as Research. Involving PG scholars and Interns of the College will improve social responsibility and community engagement among the future Health service providers.

After completing this programme, it is expected that, the students will be able to:

- ✓ gain knowledge about AYUSH and Homoeopathy.
- ✓ get idea about benefits of Homoeopathic medicine, dissemination of Homoeopathic system of medicine.
- ✓ understand the present scenario of AYUSH and Homoeopathic system of Medicine.
- ✓ choose suitable system for the treatment of their illness
- ✓ promote Homoeopathy system of Medicine to others by understanding its scope and limitations for day to day health issues.
- ✓ get confidence and hope to take Homoeopathic medicine
- ✓ select a career in Homoeopathy with courage

After completing this programme it is expected that, the Students involved in organizing and conducting the awareness programme will be able to:

- ✓ foster a sense of social responsibility and empathy for the community.
- ✓ understand their role in Homoeopathic health care services dissemination
- ✓ gain an understanding of social realities
- ✓ understand the missing link
- ✓ identify opportunities for the development of Homoeopathic system of Medicine.

5. Learning Outcomes:

This Programme gives importance to create awareness to school children about Homoeopathy in the field of Therapeutics, Education as well as Research. Involving PG scholars and Interns of the College will improve social responsibility and community engagement among the future Health service providers.

After completing this programme, it is expected that, the students will be able to:

- ✓ gain knowledge about AYUSH and Homoeopathy.
- ✓ get idea about benefits of Homoeopathic medicine, dissemination of Homoeopathic system of medicine.
- ✓ understand the present scenario of AYUSH and Homoeopathic system of Medicine.
- ✓ choose suitable system for the treatment of their illness.
- ✓ promote Homoeopathy system of Medicine to others by understanding its scope and limitations for day to day health issues.
- ✓ get confidence and hope to take Homoeopathic medicine
- ✓ select a career in Homoeopathy with courage

After completing this programme it is expected that, the Students involved in organizing and conducting the awareness programme will be able to:

- ✓ foster a sense of social responsibility and empathy for the community.
- ✓ understand their role in Homoeopathic health care services dissemination
- ✓ gain an understanding of social realities
- ✓ understand the missing link

Tree Adaptation and Sapling Plantation Program

Our college SSMIET is actively participating in the "Climate Month 2023," a nationwide initiative in collaboration with the Green Terre Foundation and the All India Council for Technical Education (AICTE). As part of this endeavour, a special Tree Adaptation and Sapling Plantation Program is going to be organized on 03.11.2023 and 04.11.2023 and all the students are invited to join in this meaningful and impactful initiative.

The Students participation are encouraged to create a greener and more sustainable future for ourselves and the generations to come. Student's participation in this program is not only a contribution to the environment but also a powerful statement about our commitment to addressing climate change.

The Student's active participation and support are invited in making Climate Month 2023 a resounding success.

Unnat Bharat Abhiyan - SSMIET

30.11.2023

Report on Tree Plantation in Adopted Villages under UBA

The Tree Plantation Program organized by Unnat Bharat Abhiyan (UBA) of SSM Institute of Engineering and Technology (SSMIET), Dindigul, aimed to create awareness on climate change and promote environmental sustainability. On November 25, 2023, the institute successfully planted 100 saplings in the adopted villages of UBA – Kuttathupatti and Puliarajakkapatti as part of their commitment to social responsibility and environmental conservation.

The primary objective of the Tree Plantation Program was to sensitize the local communities to the impacts of climate change and emphasize the role of trees in mitigating these effects. By actively involving the community in planting saplings, the initiative aimed to foster a sense of ownership and responsibility towards the environment.

The program was executed in the adopted villages under the Unnat Bharat Abhiyan, strategically chosen to maximize the impact of the tree plantation initiative in the locality of the Institute thus serving the local community. The selected villages were identified based on their environmental needs and the potential for community engagement.

The Tree Plantation Program commenced with a brief inauguration ceremony at each village, where Faculty Coordinators and 50 student volunteers of UBA-SSMIET along with the local community engaged in the tree planting process. A diverse range of 100 saplings, including native species, were distributed among the villagers. Each participant received a sapling along with information on its proper care and growth. First plantation was done in Kuttathupatti village by 9.45 am followed by plantation in Puliarajakkapatti by 11.10 am. Refreshments were provided to the Faculty and Student volunteers at Puliarajakkapatti. A comprehensive maintenance plan was discussed and shared with the villagers, ensuring the long-term health and growth of the planted saplings. This plan included regular watering schedules, protection from grazing animals, and periodic health check-ups. The events emphasized the importance of sustainable practices, the role of trees in carbon sequestration, and the broader implications of climate change. The active involvement of villagers fostered a sense of ownership and responsibility for the planted saplings, contributing to the long-term success of the initiative. The

Dindigul – Palani Highway, Dindigul 624 002

program strengthened the bond between SSMIET and the adopted villages under UBA, paving the way for future collaborative initiatives aimed at sustainable development.

By planting 100 saplings and actively involving the local community, the initiative not only contributed to environmental conservation but also promoted awareness and community empowerment. The institute remains committed to its role in fostering sustainable practices and addressing the challenges posed by climate change in the adopted villages.
