### Department of Civil Engineering

#### ALUMNI Talk series Report

An Alumni Association Talk series programme for Second, Third, and Final Year Civil Engineering students was hosted on our campus on May 10, 2022 as part of an endeavor. Mr.J.Mathivanan, Anna University, Chennai, Batch (2014-18) Professional Assistant, gave the talk series program's theme, **Opportunities in Civil Engineering**. The entire speaking series is 1.30 hours long (11.00 am to 12.30 pm). A total of 46 students benefited from the Talk series programme. The talk series was organized by Dr.G.Selvabharathi, HOD of Civil Engineering, and Mr.T. Shivaganesan, Assistant Professor of Civil Engineering. The Alumni Talk Series initiative assisted the following topic was explained and benefited to the students.

- **Academics - M.E / M.Tech, M.S and MBA ,GATE,TANCET,IMU CET,CAT,MAT**
- **Government Oppourtunities and Roles**
  - ❖ UPSC (Engineering Services Examination)
  - ❖ SSC JE (Once in a Year)
  - ❖ GATE (For MTech as well as for PSU's)
  - ❖ RRB JE
  - ❖ RRB SSE
  - ❖ STATE AE & JE EXAMS
  - ❖ SCIENTIST A/B/C
- **Private job Oppourtunities & Roles Responsibilities**
  - ❖ MNC Company sector
  - ❖ PWD Contract
  - ❖ Planning & Designing
- **Skill Development**
  - ❖ Technical Skill, Organization Skill
  - ❖ Leadership Skill, Project management Skill
  - ❖ Problem Solution skill, Creativity Skill

## REPORT ON ALUMNI MEETING

On May, 2022 we had an Alumni Talk series for III year CSE students with **K.R.D.GOPI, Software Developer, Pirai Info Tech, Pollachi** through google meet. We had an interactive session and student's doubts clarification on the current technologies and the life in IT Industry. He shared his experience to reach his present point which really was felt very useful for all students and felt a hope to move forward. Talking about the question answer session it was a complete note-worthy one.

**NAME: MADHUMITHA.M**

**QN 1: Since I am a bio-maths student, I have a very less interest in coding but felt a little interest in web development and what would you prefer me?**

**ANS:** The group that you choose in 12<sup>th</sup> doesn't matter, only interest matters. Since you are interested in web development but lacking in coding you might choosing the designing sector, that involves designing a wire-frame of the web pages that is done with the tools like flutter, figma, etc., Try to start studying about these designing tools and you can also study Photoshop that is also on demand when learned properly. Never think about the disadvantages just go through your interests and everything goes right.

**QN 2: Which one will you prefer: SERVICE BASED OR PRODUCT BASED and what's the difference?**

**ANS:**

The one who delivers the whole product to the client is called product based and though the ones work in hands to make the complete product is called a service based company. The one I work comes under service based and those the big leading CTS, TCS, Infosys all these comes under service based. While the Amazon, Flipkart comes under product-based. I would recommend Start-Up more than all these classification where you could grow along with them as the company emerges.

**STUDENT NAME: RUBAN M**

**QN 3: What is the difference between Developing and Testing teams?**

**ANS:** The one who chooses developing is purely due to their interest in coding in any of the languages. As in case of testing it is platform that is mostly chose by those who are NON-IT based ones who wanted to end up in IT Industry. Taking the testing section as their base in IT Industry they develop their knowledge and interest needed for their survival in the industry.

**QN 4: Since different front-end frameworks keeps on emerging on daily basis, each and which we study becomes out dated in a due course of time. So what to do?**

**ANS:** No language or framework that you learn becomes a waste. As an example today we have all these node js, express js on market today these all comes with the basics from JavaScript that stands as the basic for all the above mentioned. So learning a framework never becomes a waste. Learn the framework that you are interested in and keep on updating yourself on the updated versions. IT Industry is all about your growing interest and knowledge about the field.

**QN 5: How to approach a design of the web page?**

**ANS:** You try working on those basic settlements on the webpage that is called as the wire frame work of the design. By working on them you would get a clear cut idea about you UI/UX design of your webpage. Then start using the tools like figma to get ready with your complete design of your webpage though.

**STUDENT NAME: PRITHISHIKA.S**

**QN 6: Is IT really that stressful as depicted by many?**

**ANS:** Stress is something that comes when we do a work without liking, when you make it in the field of your interest you will never feel that sense of pressure. The simple rule is that choose the domain you are good at and keep yourself updated which makes your working lifestyle more interesting.

**STUDENT NAME: PRASHANTH S**

**QN 7: How can we apply for internships?**

**ANS:** It differs on the requirements of the company. On talking about internships we have paid as well as unpaid internships. We can apply for both where we have to pay some amount for the former while for the latter you have to contribute your knowledge for the undergoing project of the company. Some companies recruit on the basis of your resume and your skill sets while some recruit on basis of the performance to the task they keep as the entry to their company.

**STUDENT NAME: AARTHICK RAJA A P**

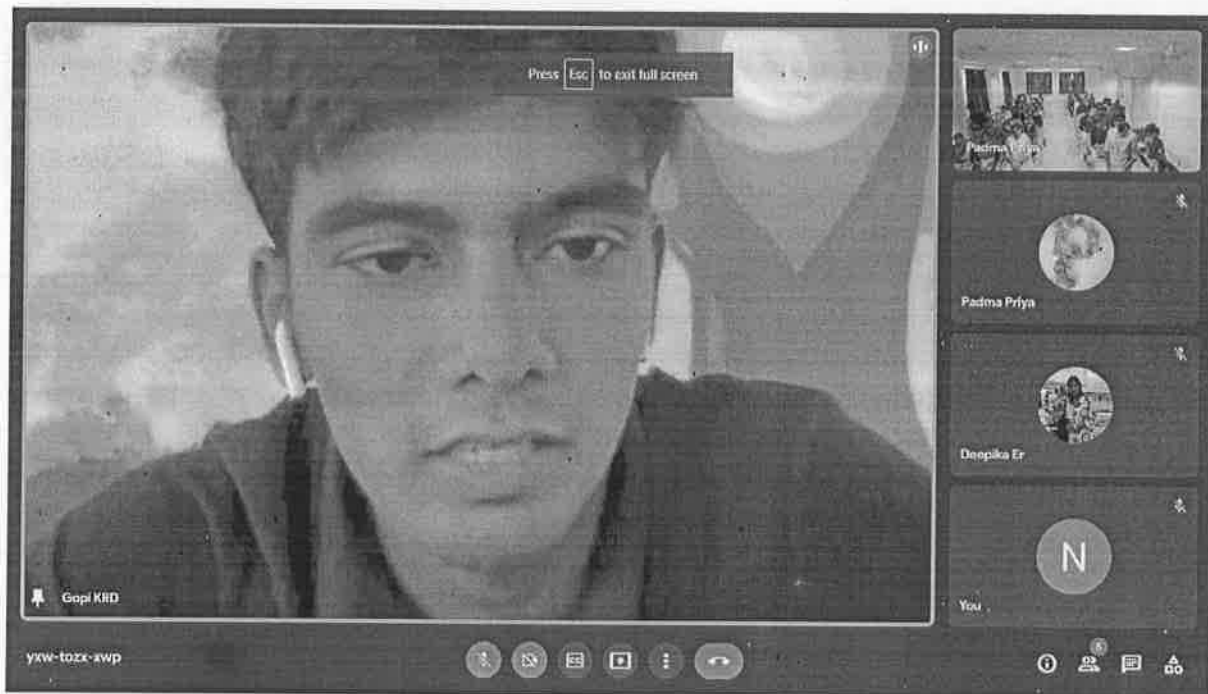

**QN 8: What kind of platform will you prefer in the IT industry?**

**ANS:** Talking on the basis of the amount paid developing platform stands first while all other departments are also good though. Mainly everything is based on the interest that we have towards the domain that we choose to work on. Choose the domain of your interest that becomes for the basis of everything.

And the closing mend was with demo of the current project he is working on. He gave a detailed description about each and every sector the project and how it works.

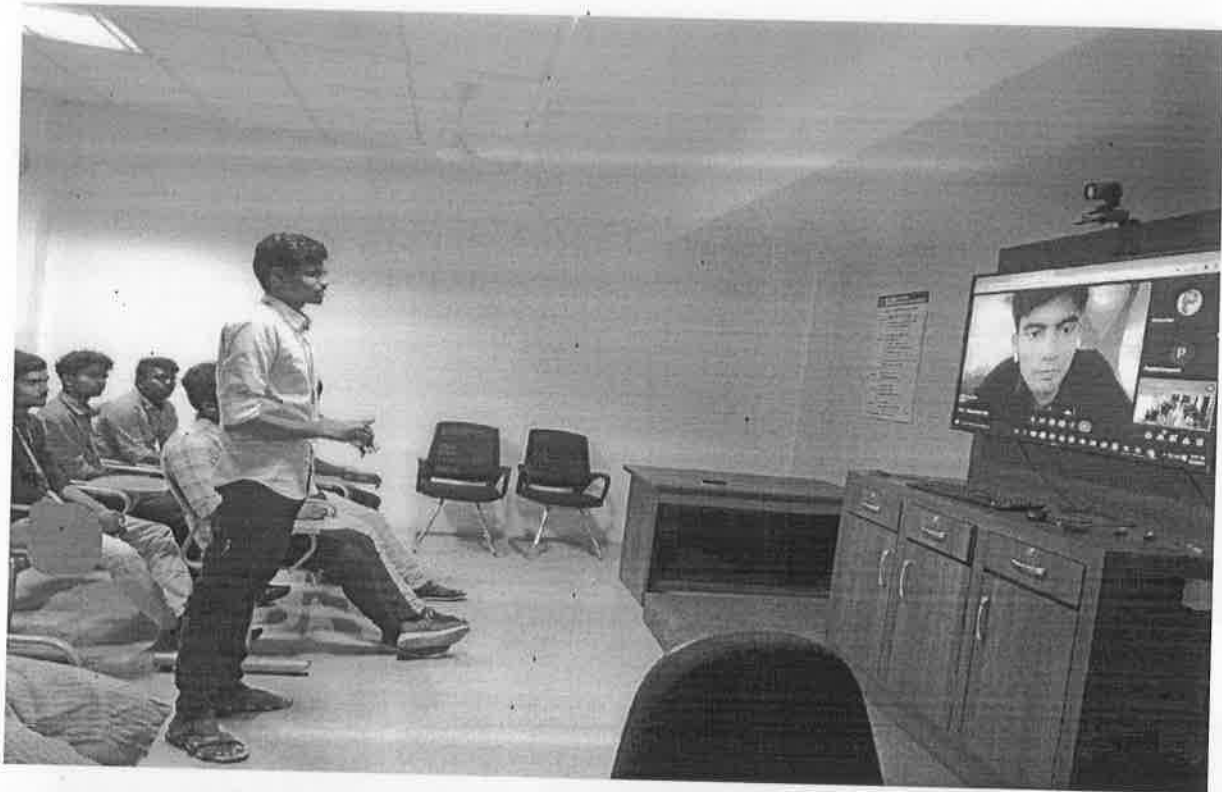

On the whole the session was a complete eye opener about the working model of the IT industry which gave students a clear cut idea about choosing the domain and the type of work each platform involves.

## 2.MEETING DETAILS & REPORT

SSMIET Alumni Association planned to conduct “**Alumni Talk Series**” from 09.05.2022 to 14.05.2022. The Department of Automobile Engineering organized Alumni Talk Series for final year and third year students on 10.05.2022 through online mode using Google meet platform. Our alumnus

**Mr. S. Lingeshwaran**, (2012-2016 Batch)

Assistant Manager,  
Customer Experience,  
Heromotocorp Ltd,  
Chennai.

He has addressed with wonderful topic about “**Overview of an Organization**”. He has discussed about the various departments in an organization, steps in the selling process and after sales and support.

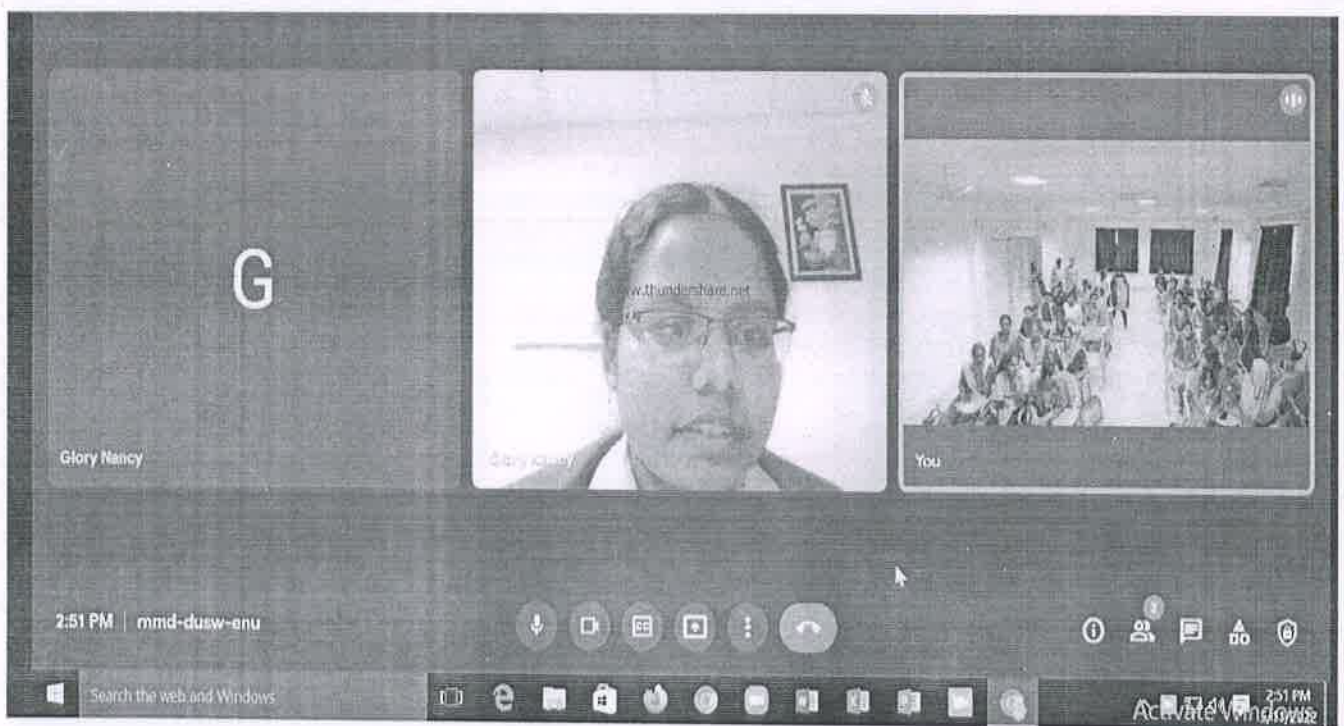

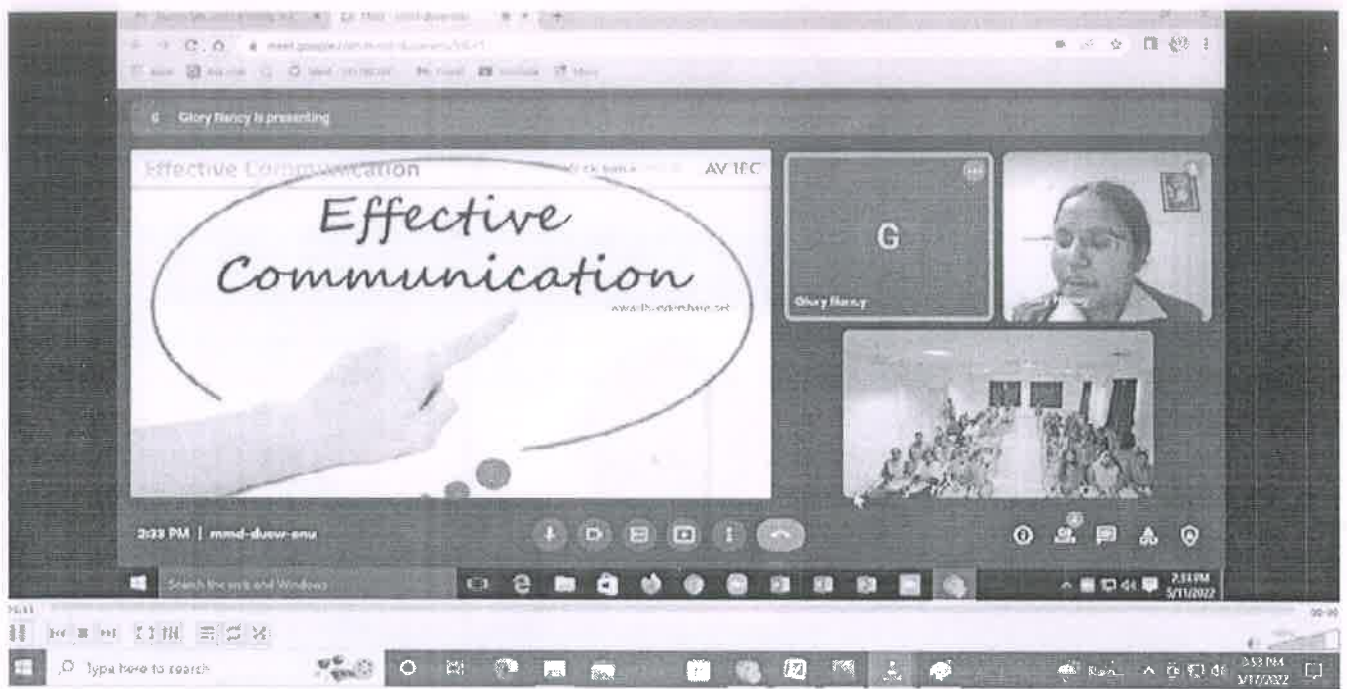

**Mr. K. Sivabalaji**, (2012-2016 Batch)

Senior software Engineer,  
Electric power steering,  
Robert Bosch,  
Chennai.

He has interacted with the students among various “**Automotives and its recent technologies**” and explained quick overview view of **Electronics and Computing in Automotive**. His session will be more interactive for the students and the students also make some clarification to clear their doubts.

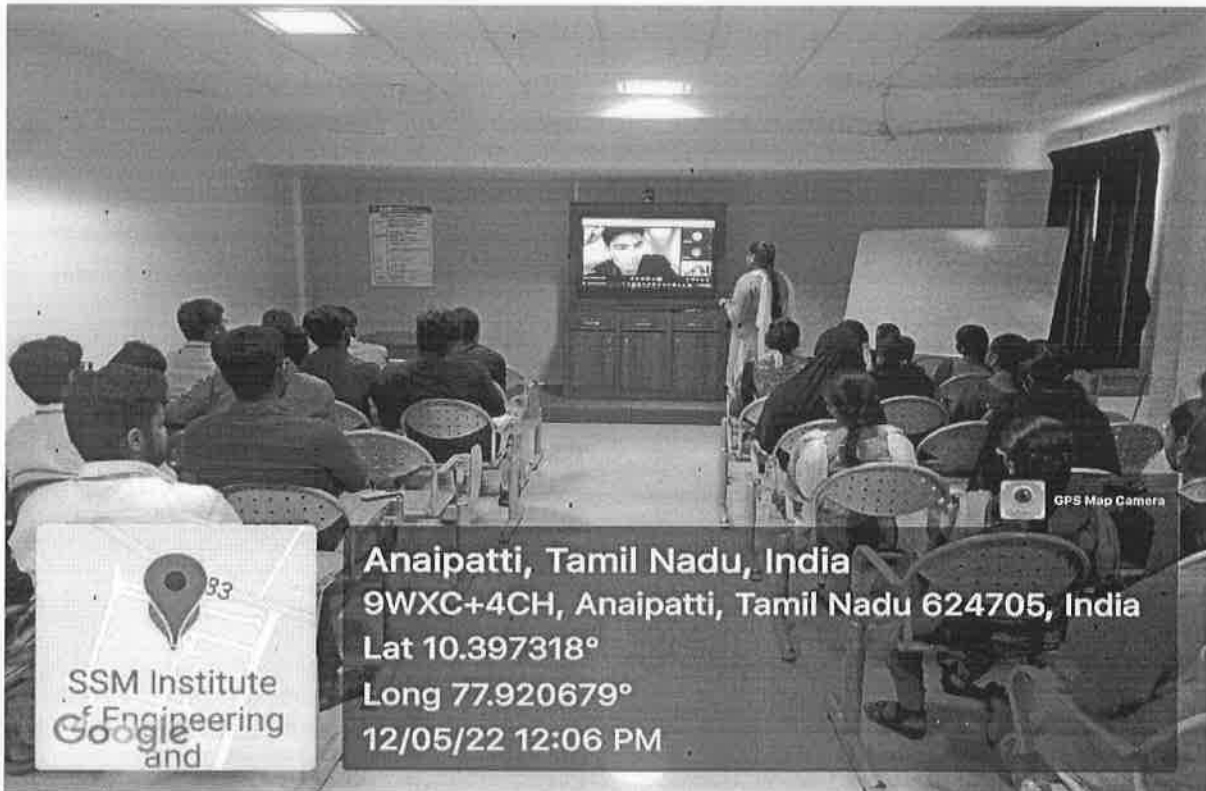

**Venue** : Automobile CADD Laboratory  
**Date & Timing** : 10.05.2022 & 11.30 am to 12.30 pm  
**Meeting Link** : <https://meet.google.com/ftz-ibdx-sns>

## Self Intro

Sivabalaji (BE Automotive) Alumni of SSMIET

Working profile:

Senior Software Engineer

EPS Development Team 

Bosch

## Current trends & Future of Automotive

- Communication.
- Stay Connected and Cloud.
- Robo Taxi.

• (video...)

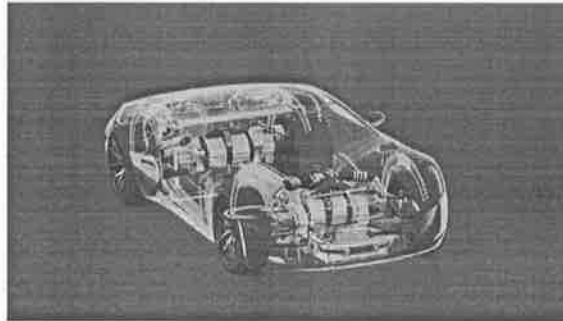

## Path of today's automotive

- Automotive and Driver are in need of assistance.
- Initially trend moved towards full filling the requirements of driver safely
- Now it went further mile , assistance is also being provided for comfort. that becomes USP in Market.

## Quick Overview view of Electronics and Computing in Automotive

- Think of Steer By wire and Drive By Wire.

- Conventional system is being replaced by just motor and it's satisfying the requirements and challenges.

## Communication

Oooh !! much easy.

### Communication methods

- CAN
- FLEXRAY
- Ethernet

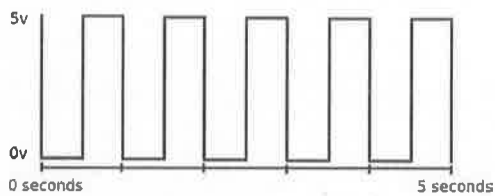

## Communication way

Just ON OFF message (Eg:  
Door open, close)

Multiple ON OFF message. Creates own language  
between recier and sender (Eg: Speed message, Torque message)

### Pulse Width Modulation

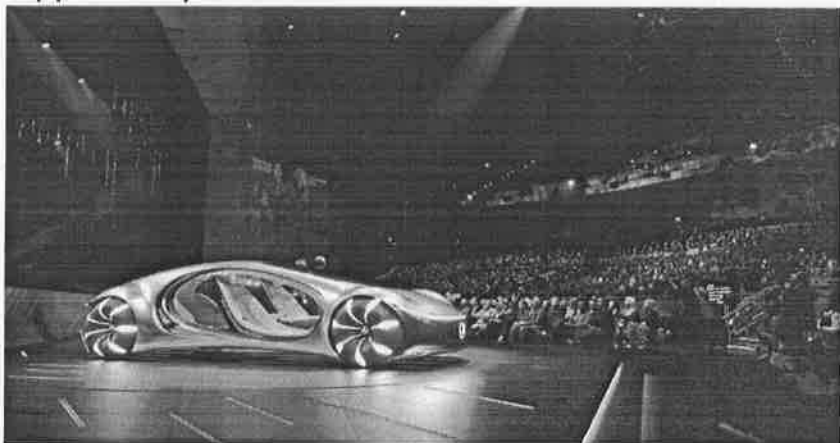

## Our oppurtunity

- There is a Ocean of Oppurtunity.

### Addons

- Embedded
- AI
- Vehicle Dynamics

(video..)

### ALUMNI TALK SERIES -REPORT

SSMIET Alumni Association planned to conduct “**Alumni Talk Series**” from 09.05.2022 to 14.05.2022. The Department of ECE organized Alumni Talk Series for final year students on 11.05.2022 through online mode using Google platform. Our alumna Miss.U.Glory Nancy , HR Manager /AVTEC - CK Birla Group, Chennai has addressed with wonderful topic about Job Market. She has discussed about various job roles that are available for freshers and software knowledge requirement for IT sector.

The whole session was more interactive. Final year students raised so many questions and clarified their doubts related interview preparation for IT sector and Core companies. She also expanded her speech about Business Management Studies.

Finally, Miss.U.Glory Nancy has shared her interview experiences with students and motivated them to attend many internships during course period.
