REPORT ON PROBLEM SOLVING & IDEATION WORKSHOP

REPORT CONTENTS:

- About the Event
- Event Schedule
- Event brochure
- Event Photos
- Participants List
- Feedback

About the Event:

SSMIET's IIC Cell in association with department of Mechanical Engineering organized problem solving and Ideation workshop for III Year and IV Year Mechanical Engineering Students. Resources Persons from JIAMETRIC Technologies have addressed the students. Mr. C. Silambarasan (AP/Mech) and Mr. M. Selwin (Convenor/IIC) have organized the event. Dr. S. Joseph Dominic Vijayakumar (Professor/Mech) have given presidential address.

Outcomes of the Event:

- Motivates the students to learn about latest concepts on Engineering Design.
- It helps the students to think a step ahead to understand latest industrial demands.
- Insist the students to identify the gap between their curriculum and industrial requirements.

About JIAMETRIC Technologies:

Sakthivel - Founder, Jiametric Technologies

Dinesh Babu - Cofounder, Jiametric Technologies

- 20+ Years of Industrial experience.
- Worked on Industrial Technologies and Automotive Technologies Domain.
- Liasoned with many Manufacturing and Service Industries.
- Established Jiametric Technologies in the Year 2014, developing employability skills among the Engineering students.
- 2200+ students are placed in core mechanical domain jobs like Casting, Tool and die design, Sheet metal design, Hydraulic, Plastics as R&D, new product development, Design Engineers etc.

Event Schedule:

S. No	Event Details	Time	Addressed by
1	Introduction about the event	3.00 – 3.15 pm	Dr. S. Joseph Domonic Vijayakumar (Professor/Mechanical)
2	Guest Introduction	3.15 – 3.30 pm	Dr. S. Joseph Domonic Vijayakumar (Professor/Mechanical)
3	Problem Solving in Engineering Domain	3.30 – 4.00 pm	Mr. Dinesh Babu (Cofounder, Jiametric technologies)
4	Ideation and Engineering	4.00 - 5.00 pm	Sakthivel - Founder, Jiametric Technologies
5	Guest of Honor	5.00 pm	Mr. C. Silambarasan (AP/Mechanical)
6	Ought of Thanks	5.15 pm	Mr. M. Selwin (AP/Mech)

Glimpses of the Event:

Problem Solving and Ideation workshop on 10th October 2022 at Video Conference Hall

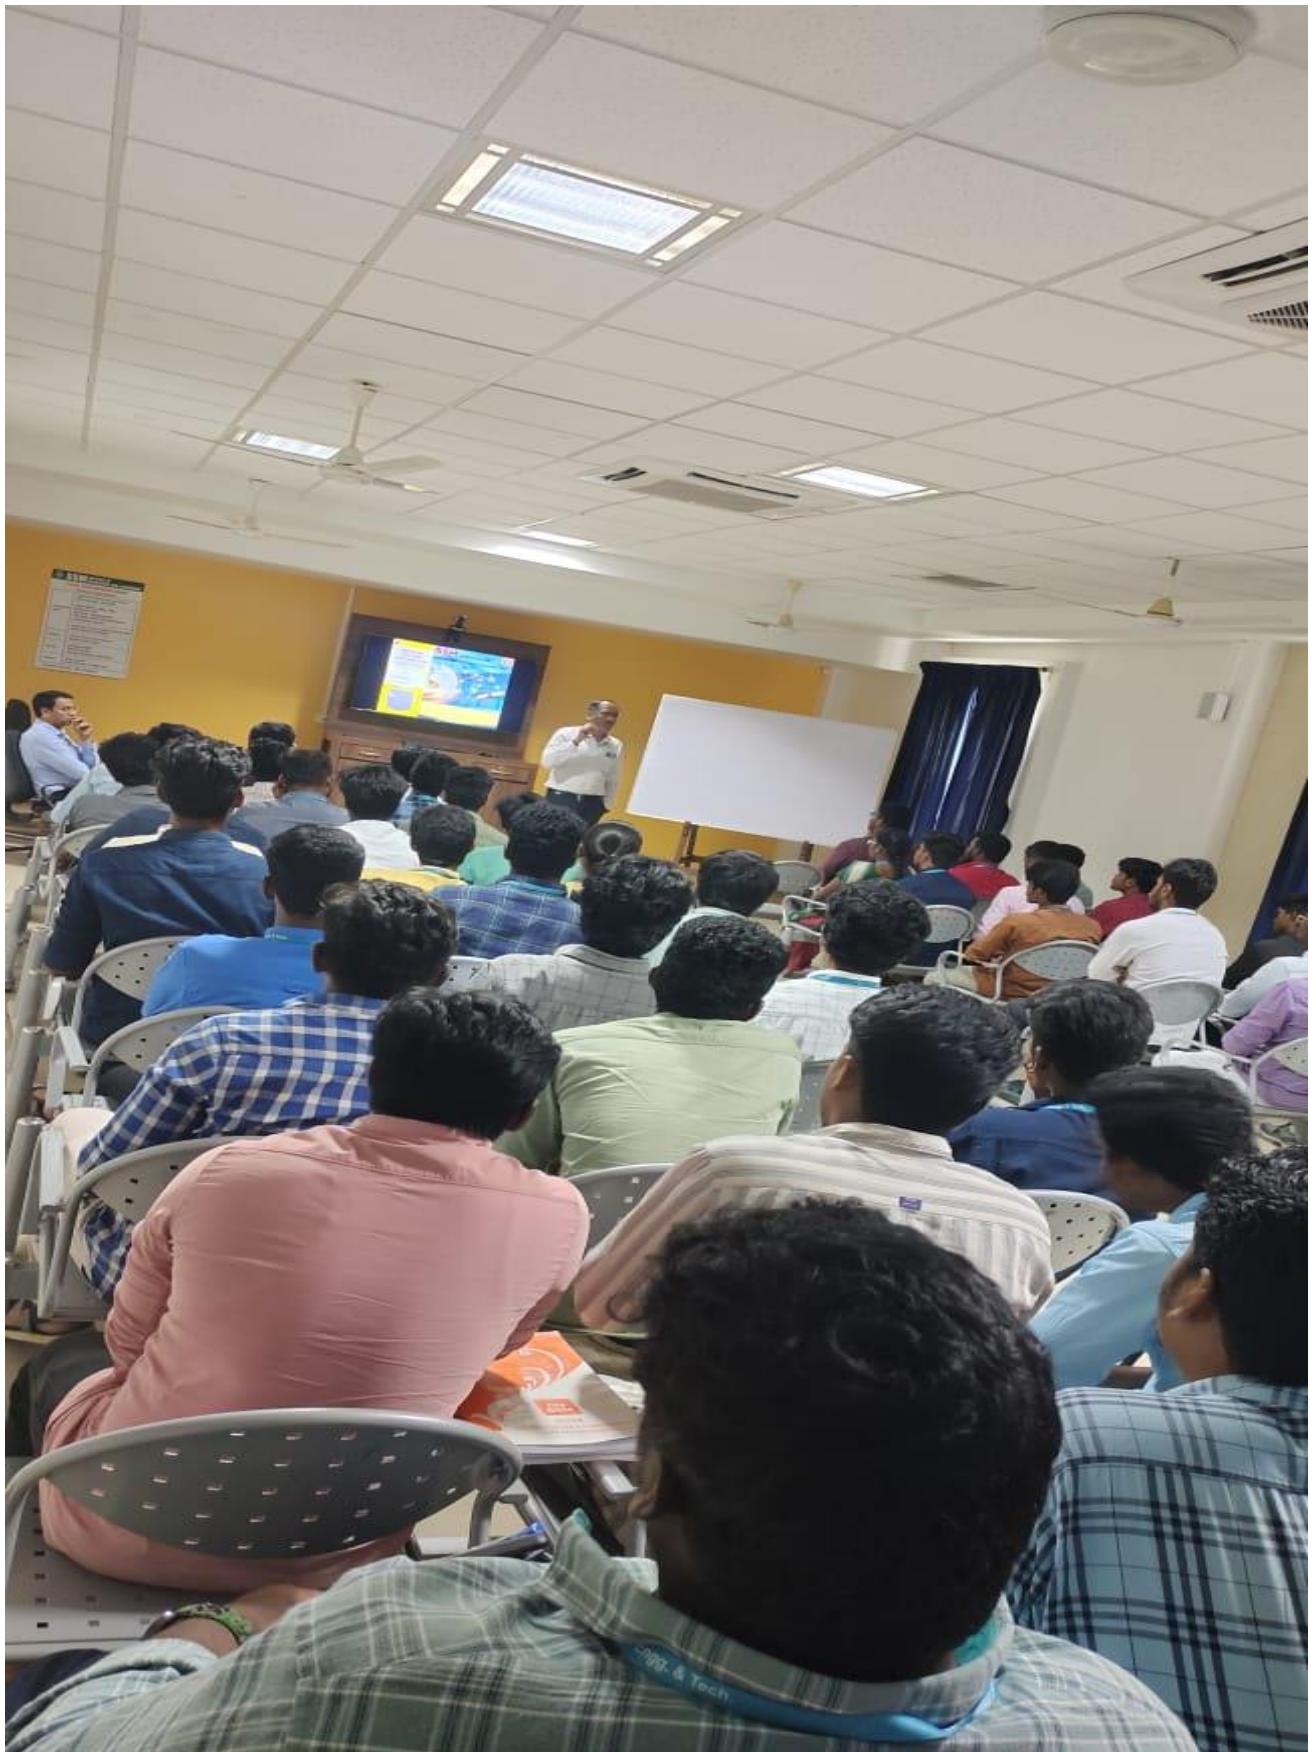

Introduction Speech by Dr. S. Joseph Dominic Vijayakumar (Professor/Mech)

Guest Introduction by Dr. S. Joseph Dominic Vijayakumar (Professor/Mech)

Students attending ideation workshop at Video Conference Hall on 10th October 2022

- Winners Details
- Certificate
- Feedback

About TECHIE' 22:

TECHIE '22 Focus on enhancing the innovative thoughts of students in various aspects. Institution's Innovation Council of SSM Institute of Engineering and Technology have organized TECHIE '22 on 07th November 2022.

65 Students from various departments have actively participated and showcased their innovative skills. Mr. M. Selwin (Convenor/IIC) have given introduction speech about the event. Mr. U. Karthick (AP/Mech), Mr. P. Dheenathayalan (AP/Mech), Mr. C. Silambarasan Coordinated the event.

List of Events:

A forum has been created for the students to uplift them in the world of innovation. Students have given chance to present their innovative ideas through the following events.

- TECH TALK (Technical Presentation)
- UPCYCLE (Reengineering)
- MY DREAM PROJECT
- THE NARRATOR

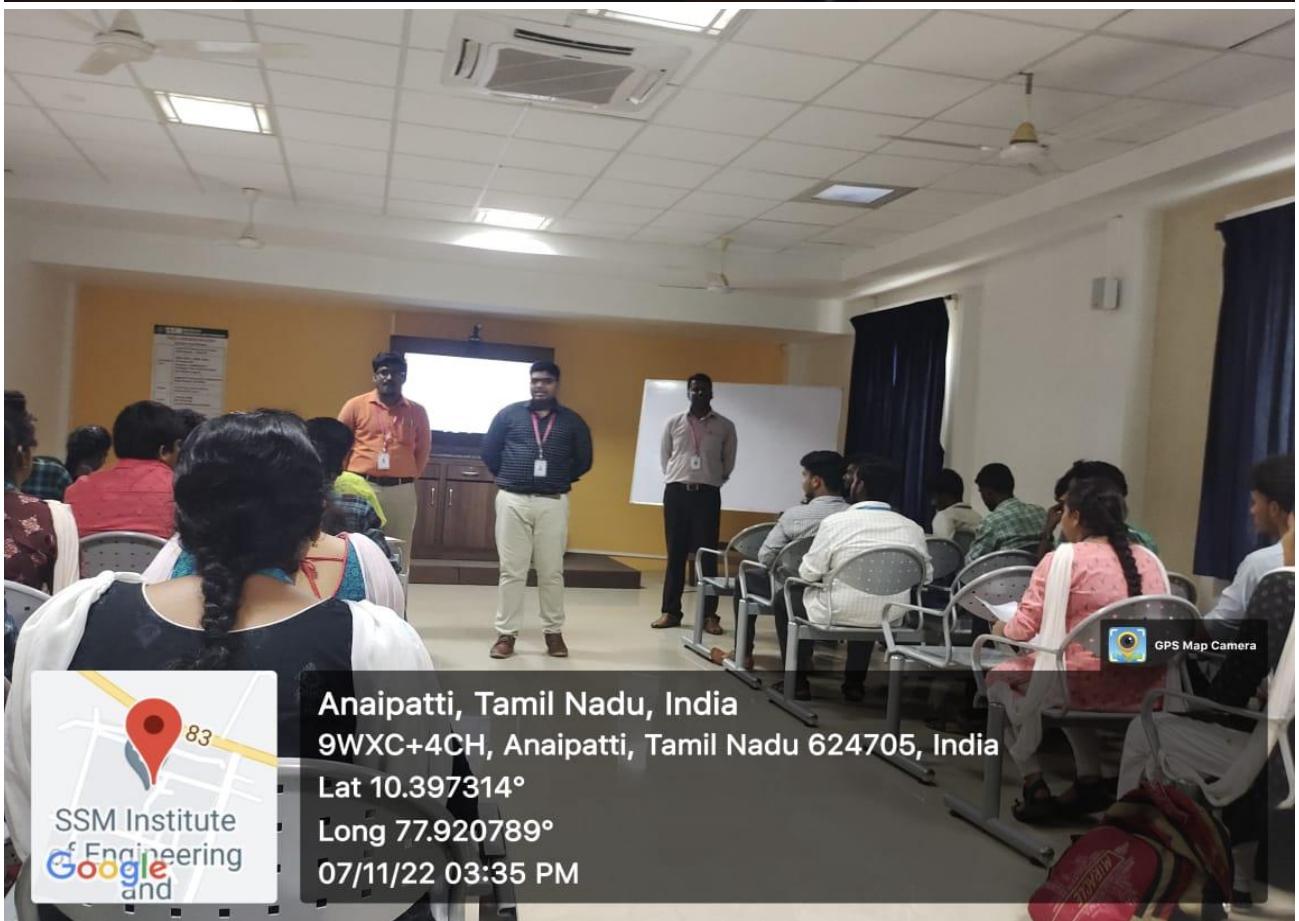

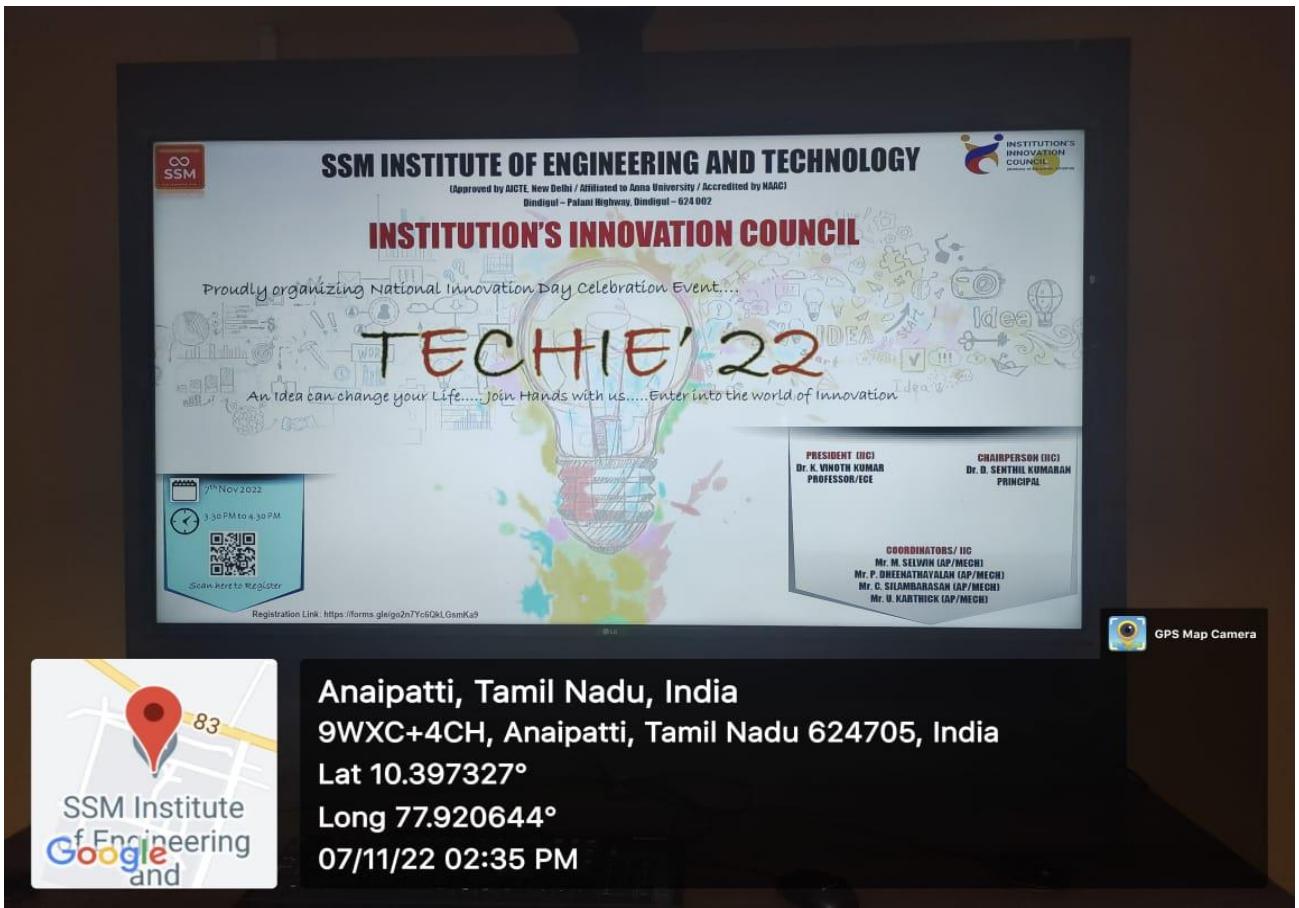

Outcomes of the Event:

- Motivates the students to learn about latest trending technologies.
- Involve themselves in the concept of Reengineering by converting unusable old products into new usable products.
- Enhances the creative thoughts of students.
- Make them to understand the life of successful innovators.

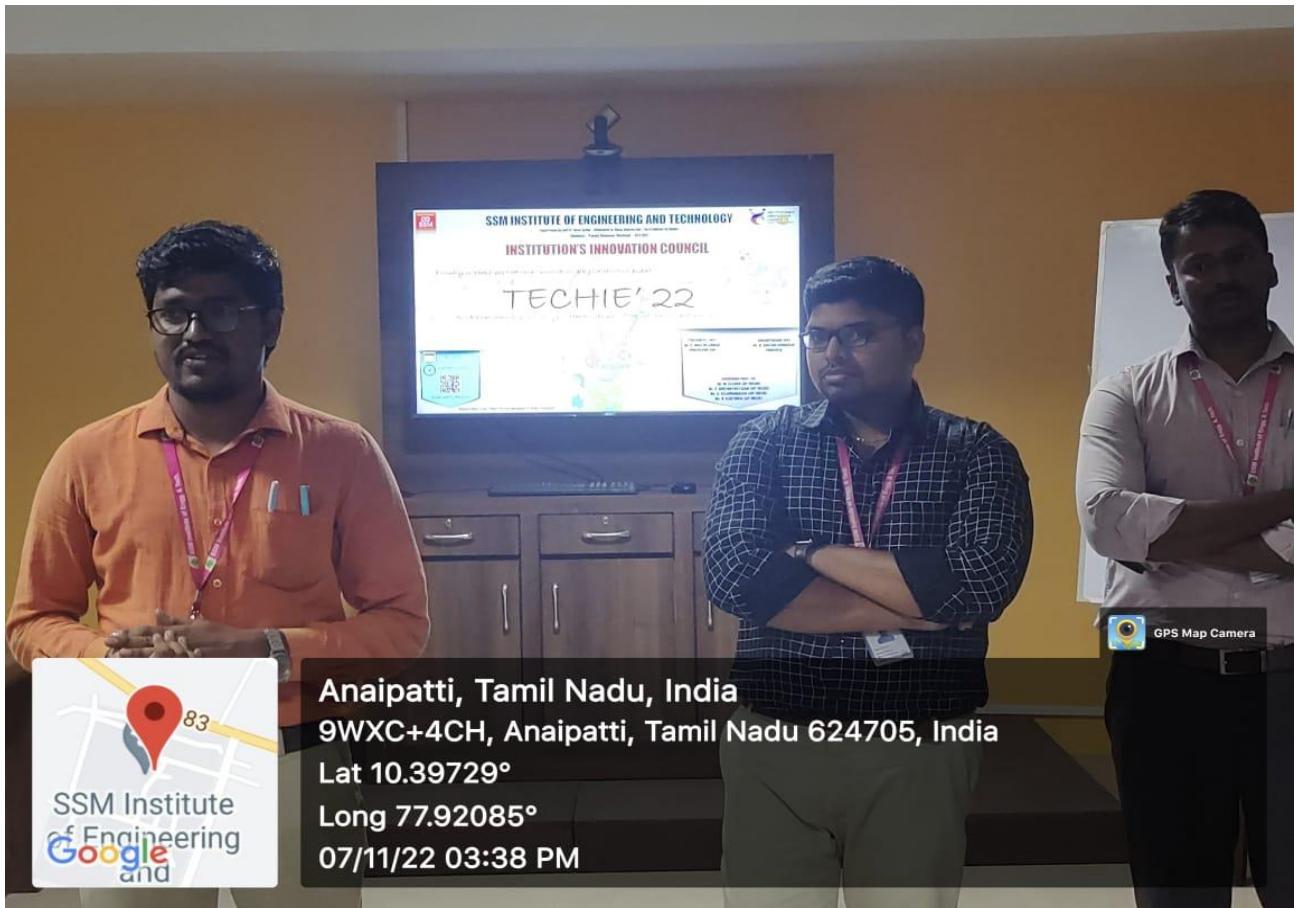

Event Schedule:

S. No	Event Details	Time	Venue
1	Introduction about the event	3.00 - 3.30 pm	Video Conference Hall
2	Tech Talk	3.30 – 5.00 pm	Video Conference Hall
3	Upcycle	4.00 – 5.00 pm	Placement Meeting Hall
4	My Dream Project	4.00 - 5.00 pm	GD Hall 2
5	The Narrator	4.00 – 5.00 pm	GD Hall 1

Glimpses of the Event:

Techie '22 Welcome address by Mr. M. Selwin (AP/Mech)

Report

Date: 09/01/2022

One day workshop on “**Design Thinking to Product development**” was conducted on 27/12/22 in Seminar Hall - 1 for I- Year Students from all Disciplines. Event started with Prayer song at 9.30 a.m. As per the agenda Welcome speech was addressed by Dr C.Sujatha HoD of CSE Department welcomes our honourable Chief Guest Dr S.Vinodh, Professor in Department of Production Engineering, National Institute of Technology, Trichy and our beloved students.

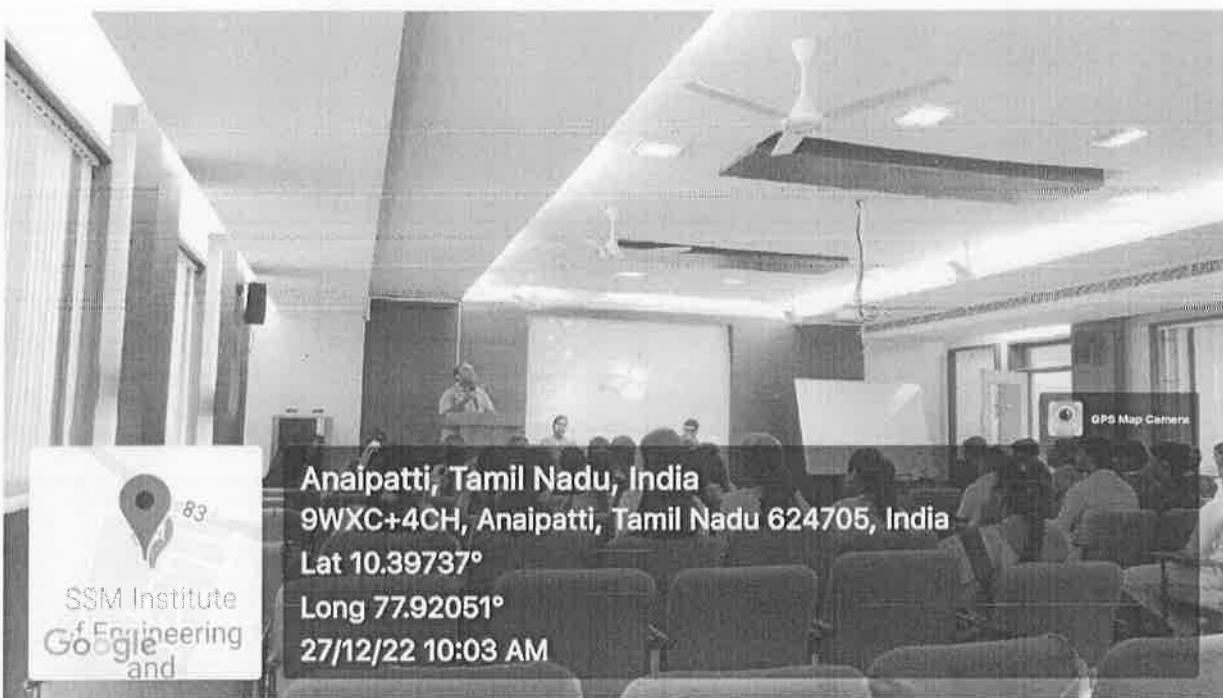

Introduction about the chief guest was given by V.P Rakshitha II-Year CSE Department of SSMIET.

After the addressal by Rakshitha, chief guest Vinodh sir was honoured by Dr G.Sankara Narayanan, HoD of mechanical Department by awarding shield to him.

Then chief guest takes over the session by thanking all members of the IIC Cell and the management for providing the opportunity to interact over the students through an IIC and finally thanked him through vote of thanks by Ms N.J Divya Event coordinator of IIC cell and played national Anthem.

Mr. M. Selwin, AP/Mech

Principal

Dr. D. Senthil Kumaran

All are Cordially Invited

Agenda:

Syllabus Coverage:

Morning Session:

Time: 9.30 a.m to 1.00 p.m

Topics Covered
Engineering design process
Product development process
What is "S-Curve"
Conducting interviews: Like/Dislike Method
Establishing Engineering specifications
Customer requirements/Engineering specifications

Function modeling basics

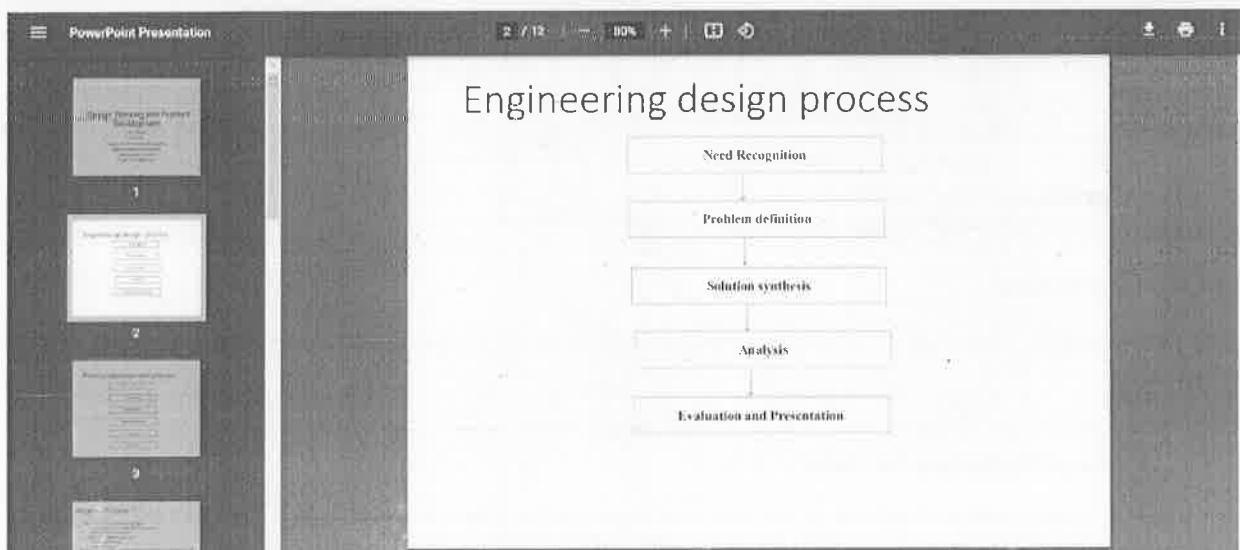

Basic methods : Information gathering and brainstorming

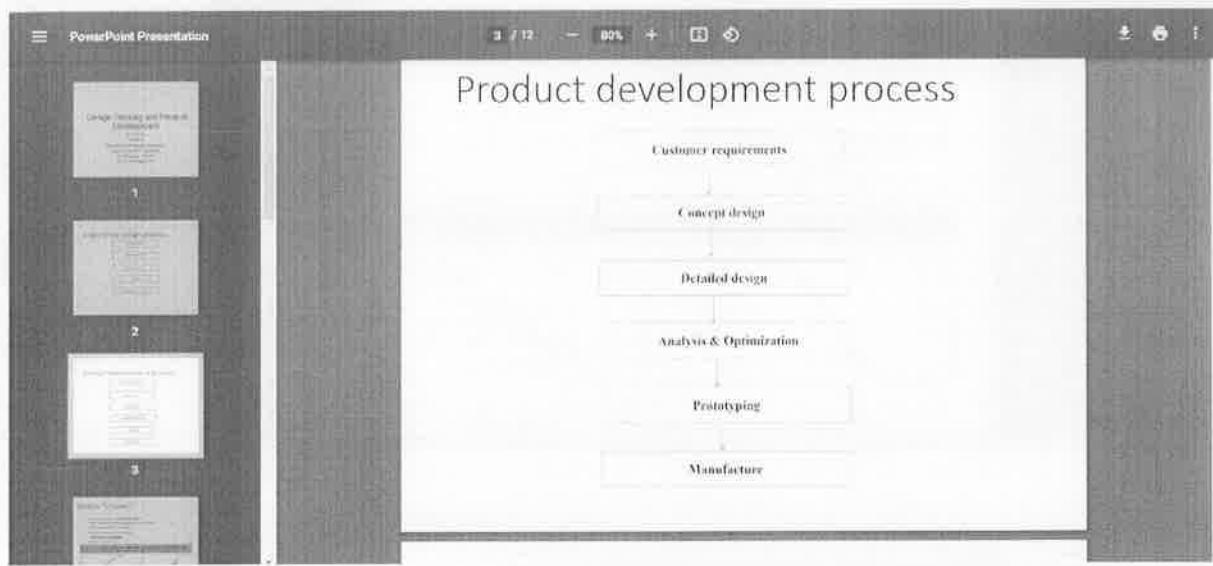

Traditional Brainstorming

Pugh Charts

Started the session by showing presentation to the students and interacting with the students by

asking basic questions on design process to check their depth of knowledge in that field.

After showing the flowchart of how the requirements transformed into design aspect and how it will be converted into product will be explained in detail and ask few examples in real time with the students

PowerPoint Presentation

4 / 12 - 75% + ⌂ ⌃ ⌁ ⌄ ⌅ ⌆ ⌈ ⌉ ⌇

What is "S-Curve"?

- The uses of S-curve *at the industry level*:
 - The description of the magnitude of improvement
 - The prescriptive S-Curve theory
- Product performance results from:
 - Component technology
 - Architectural design

S-curve can provide convincing explanations of why alternative technologies have made substantial inroads against currently dominant technology?

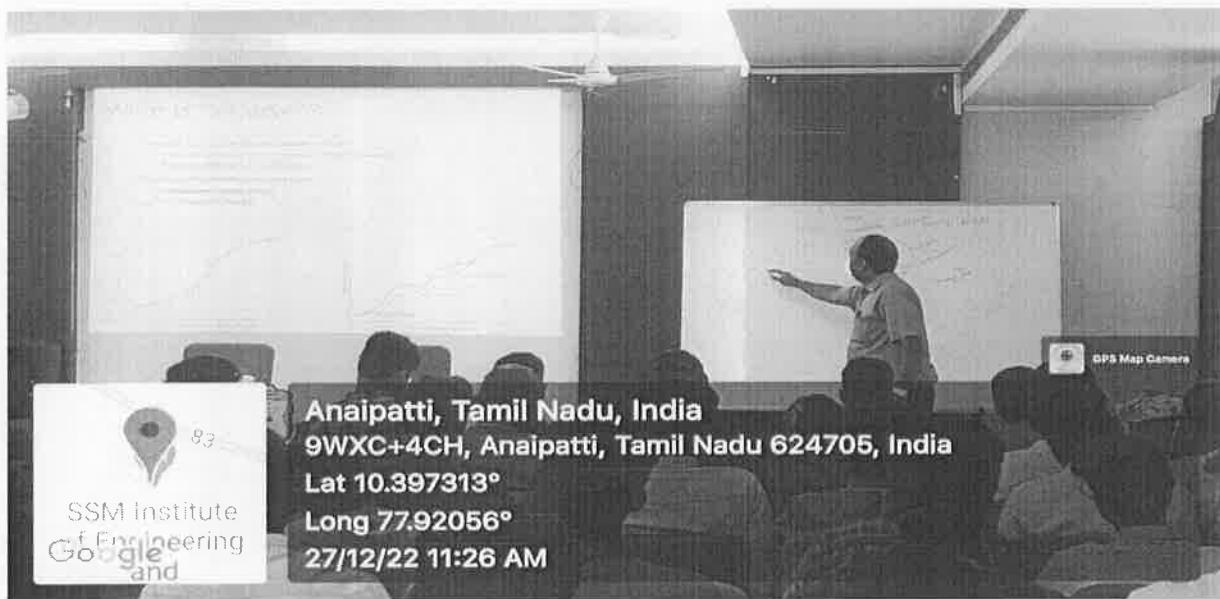

PowerPoint Presentation

5 / 12 - 75% + ⌂ ⌃ ⌁ ⌄ ⌅ ⌆ ⌈ ⌉ ⌇

Conducting interviews: Like/Dislike Method

- The simplest approach that proves reasonably effective in practice is to interview customers as they use the product. During the interview, a team member asks the customer to describe what they like and do not like about the product at their site of usage.
- During this process, more detailed questions may be asked to explore different facts of the product.
- At the same time, a reasonable needs is developed. It is important when holding interviews to have the customers run through their process of using the product.

Customer requirements/Engineering specifications

A screenshot of a Microsoft PowerPoint presentation slide. The title is "Customer requirements/Engineering specifications". The slide content includes a large table with multiple rows and columns, likely detailing technical requirements. The slide is part of a larger presentation with other slides visible in the navigation bar.

PowerPoint Presentation

9 / 12 75%

Function modeling basics

- Product function
 - The overall intended function of the product.
 - Statement of a clear, reproducible relationship between the available input and the desired output of a product, independent of any particular form.
 - Simplest representation of the product, usually just a noun and an active verb.
- Subfunction
 - A component of a product function
 - Overall function can, and often must be divided into identifiable subfunctions corresponding to subtasks.
 - Relationship between subfunctions and overall function is often governed by a constraint or an input-output relationship.
- Abstraction
 - Process of ignoring what is particular or incidental and emphasizing what is general or essential.
 - A product viewed in the abstract defines overall functional requirements and constraints.

```
graph LR; Inputs[Inputs] --> ProductFunction[Product Function]; ProductFunction --> Outputs[Outputs]
```

A screenshot of a Microsoft PowerPoint presentation slide. The title is "Function modeling basics". The slide contains three main bullet points: "Product function" (with sub-points about overall intended function, reproducible relationships, and simple representation), "Subfunction" (with sub-points about components of a product function, division into subtasks, and relationships), and "Abstraction" (with sub-points about the process of ignoring particulars and defining overall requirements). Below the text, there is a diagram consisting of three boxes: "Inputs" on the left, "Product Function" in the center, and "Outputs" on the right. Arrows point from "Inputs" to "Product Function" and from "Product Function" to "Outputs". The slide is part of a larger presentation with other slides visible in the navigation bar.

PowerPoint Presentation 10 / 12 - 75% + ⌂ ⌂

Basic methods : Information gathering and brainstorming

- Concept generation is the divergent development of many alternatives, where the focus is on innovation, structural layout and function satisfaction.
- Formal concept generation methods may be classified broadly as:
- Intuitive and Directed (logical)

10

PowerPoint Presentation 11 / 12 - 75% + ⌂ ⌂

Traditional Brainstorming

- It is an intuitive method of generating concepts. It focuses on product function and architecture, where team members communicate ideas verbally during a set time period.
- All team members are encouraged to be open and uninhibited during the initial sessions of brainstorming.
- There is no need to strictly adhere to product specifications, but instead to focus on the functional needs of a product.
- The overall aim of brainstorming is to obtain several concepts that might work as solution principles to a piece of the design problem.

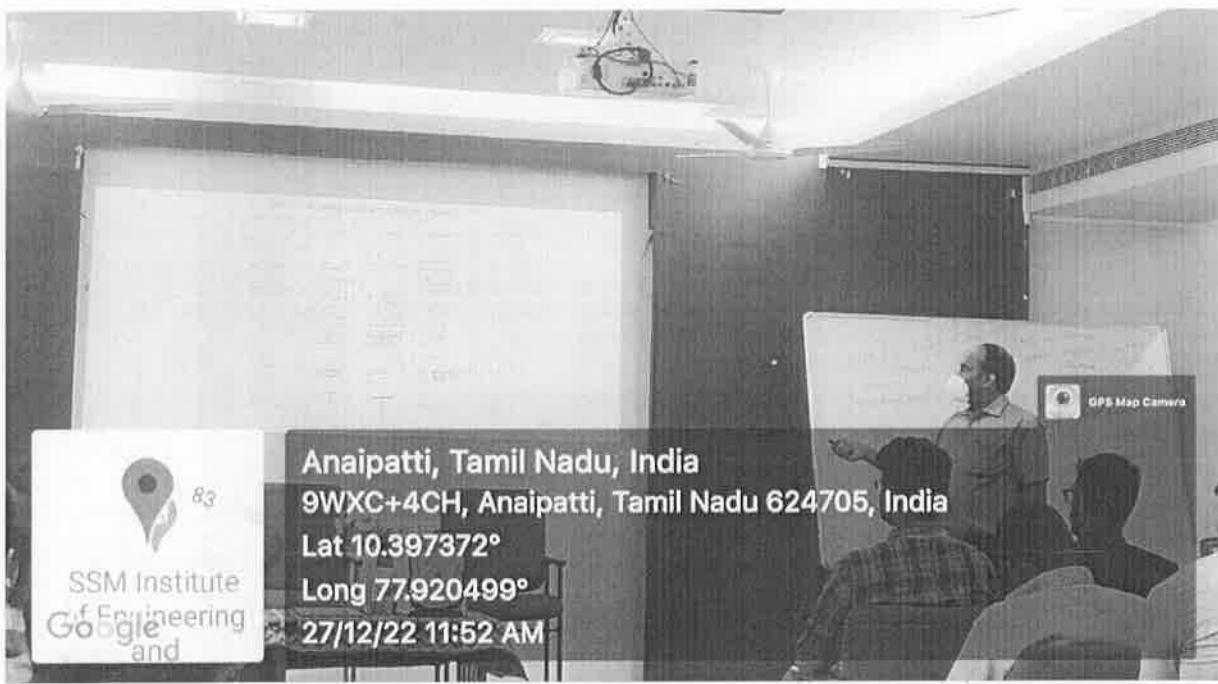

11

PowerPoint Presentation 12 / 12 - 75% + ⌂ ⌂

Pugh Charts

- The Pugh chart evaluation scheme presented earlier involves sets of alternatives, sets of criteria and a better/same/worse evaluation against a datum
- With the set of alternatives and criteria, there are three basic mathematical tasks that are to be completed

12

Finally show the morphological analysis chart of each functions we have taken in an bicycle example and showed some solutions also.

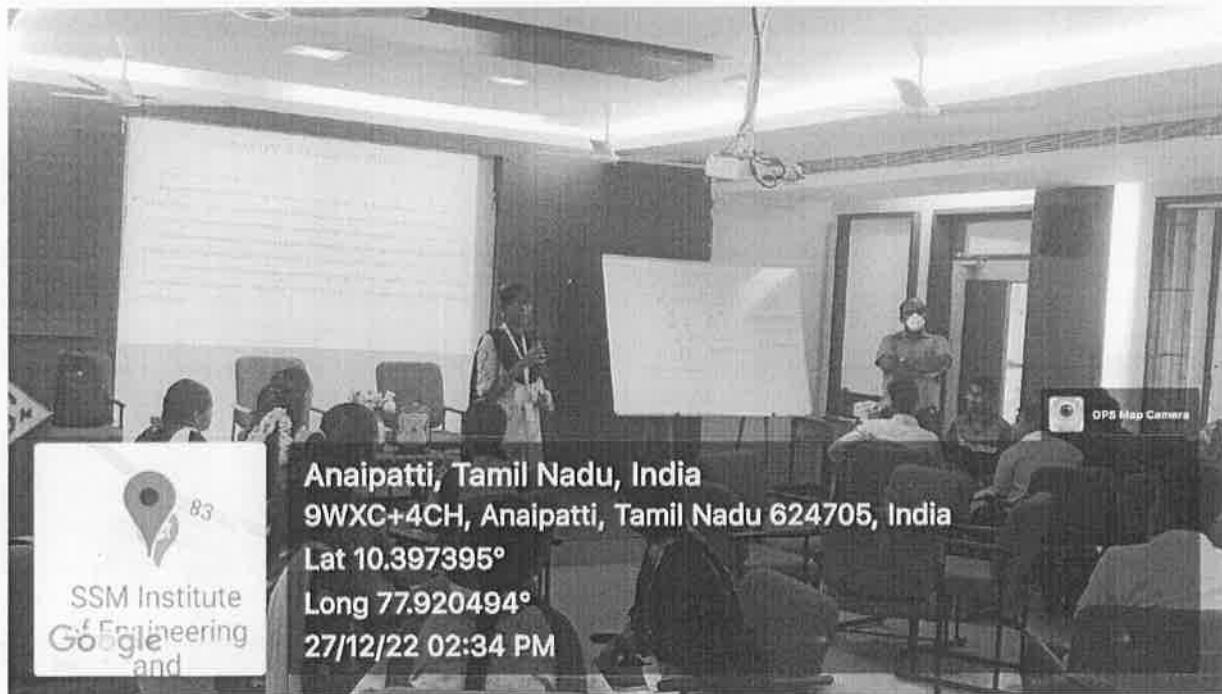

Afternoon Session:

Timing: 1.30 p.m to 4:30 p.m

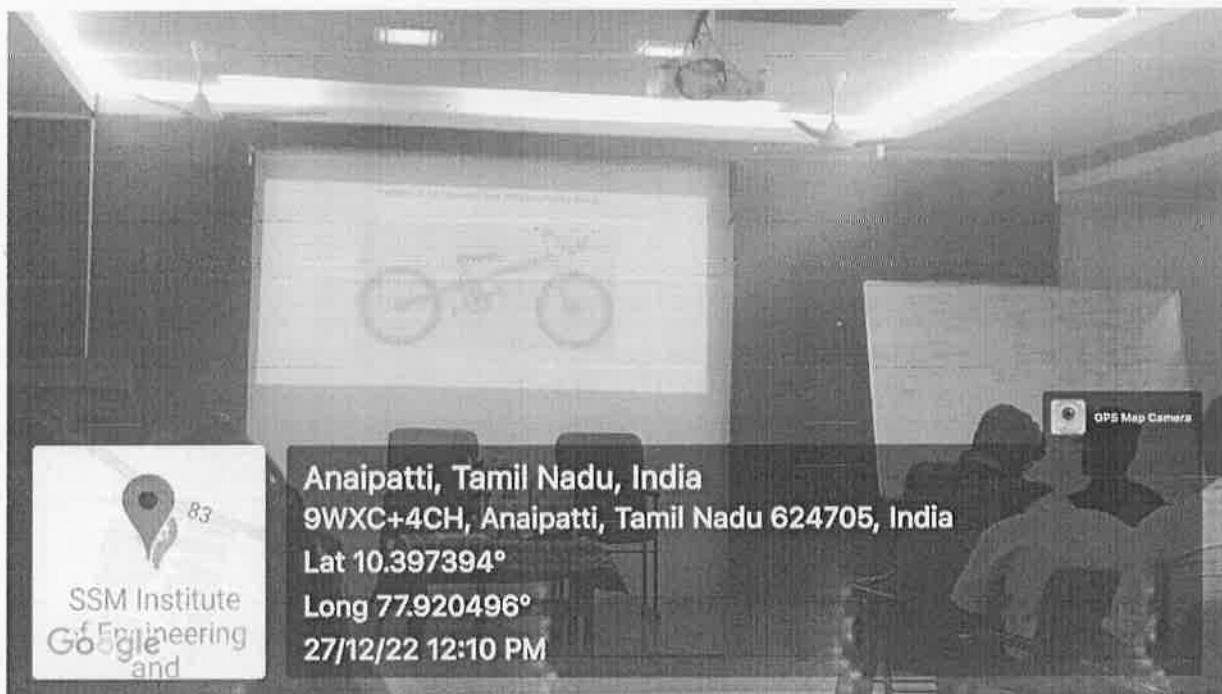

Session was started by splitting the 60 students into twelve teams and each with five members in that and form a round table conference for discussing their ideas with their team members.

Each team chooses their own topic of customer requirements and started to sketch their own design conversion of requirements to product map.

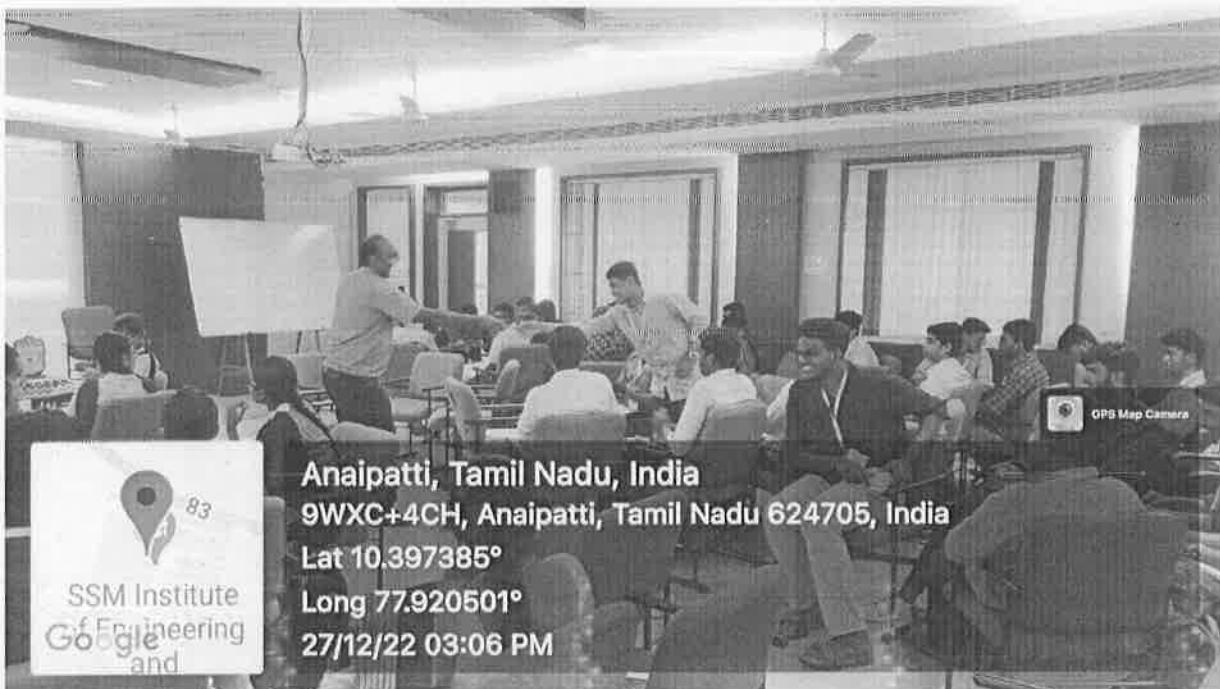

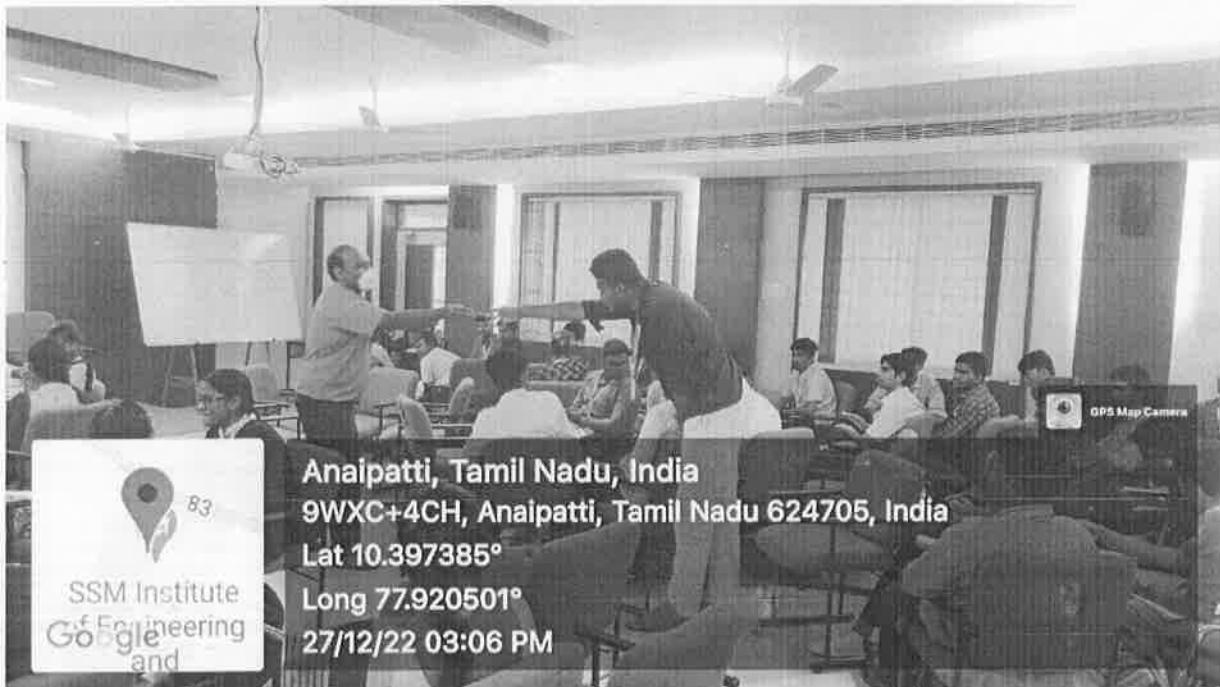

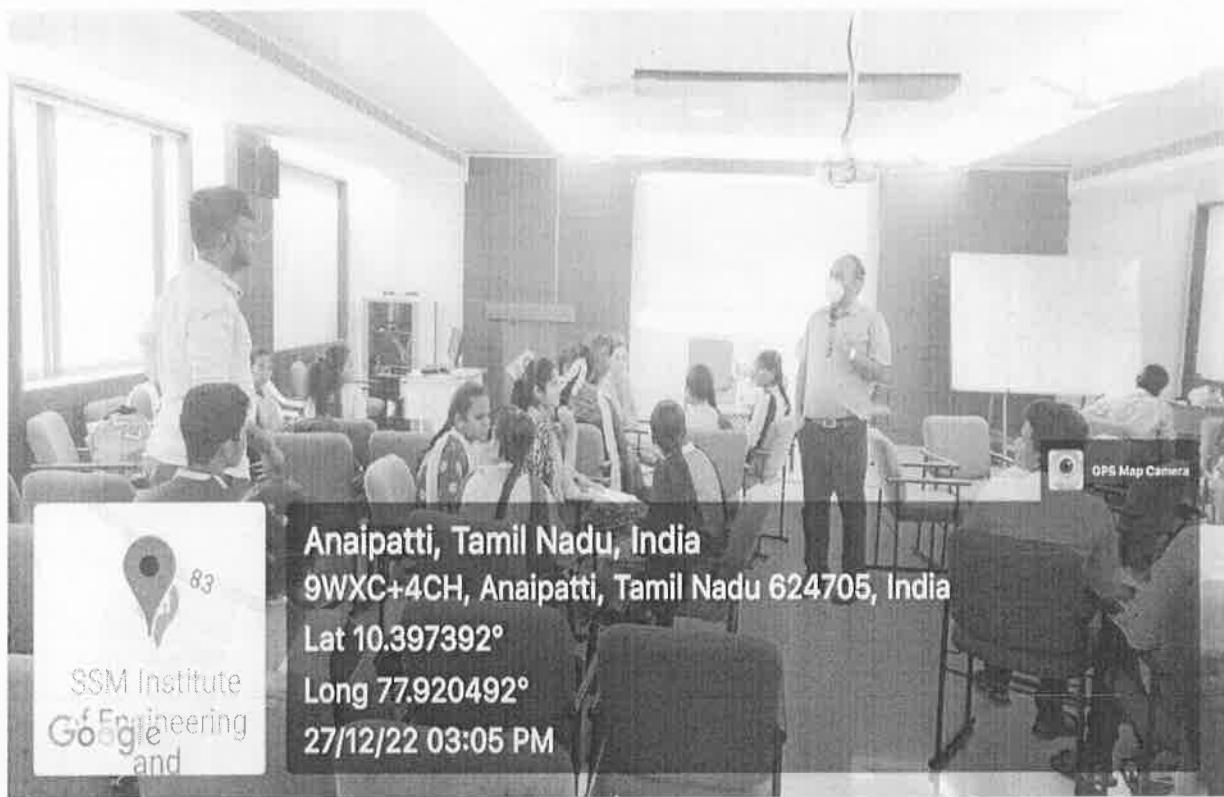

Chief guest shown thier own case study for figuring out how to convert thier ideas into product design like foldable bicycle.

Quiz Session:

After showing the case study to the students a small quiz session was conducted to recollect all the information gathered from morning session. Those who answered well was appreciated by the chief guest and gifted pen for that students.

Students Discussing and Sketching Their own Ideas:

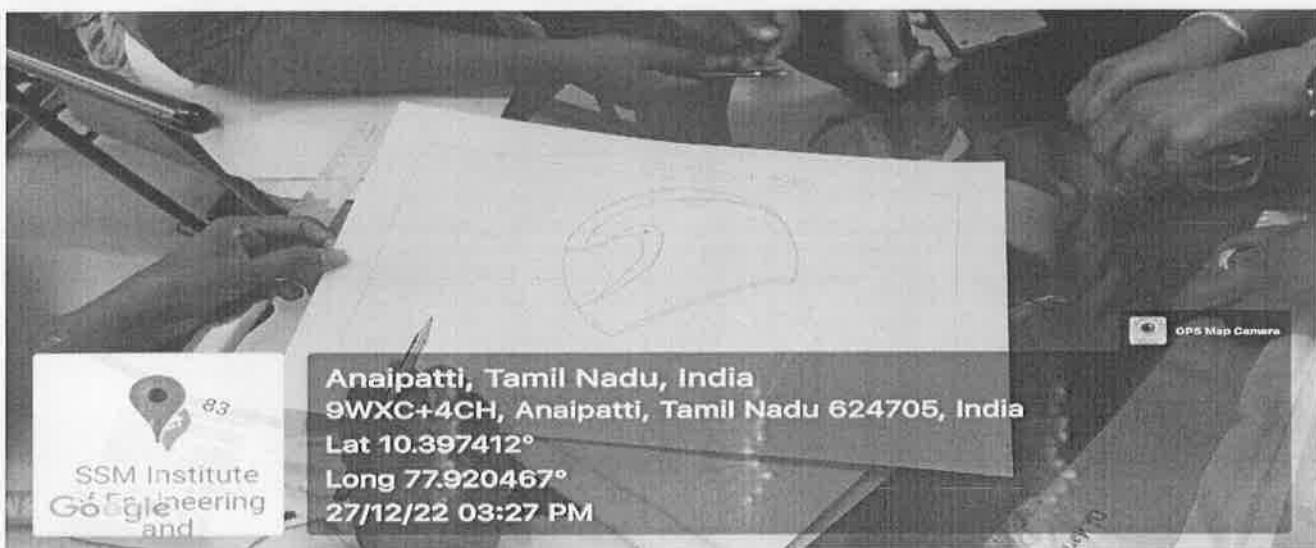

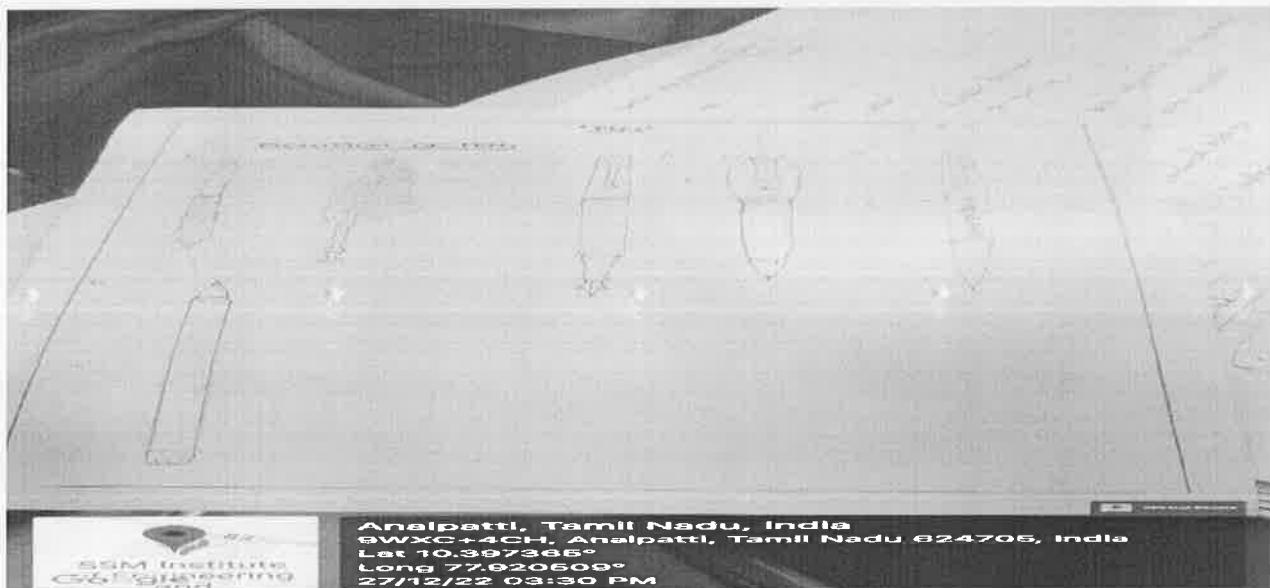

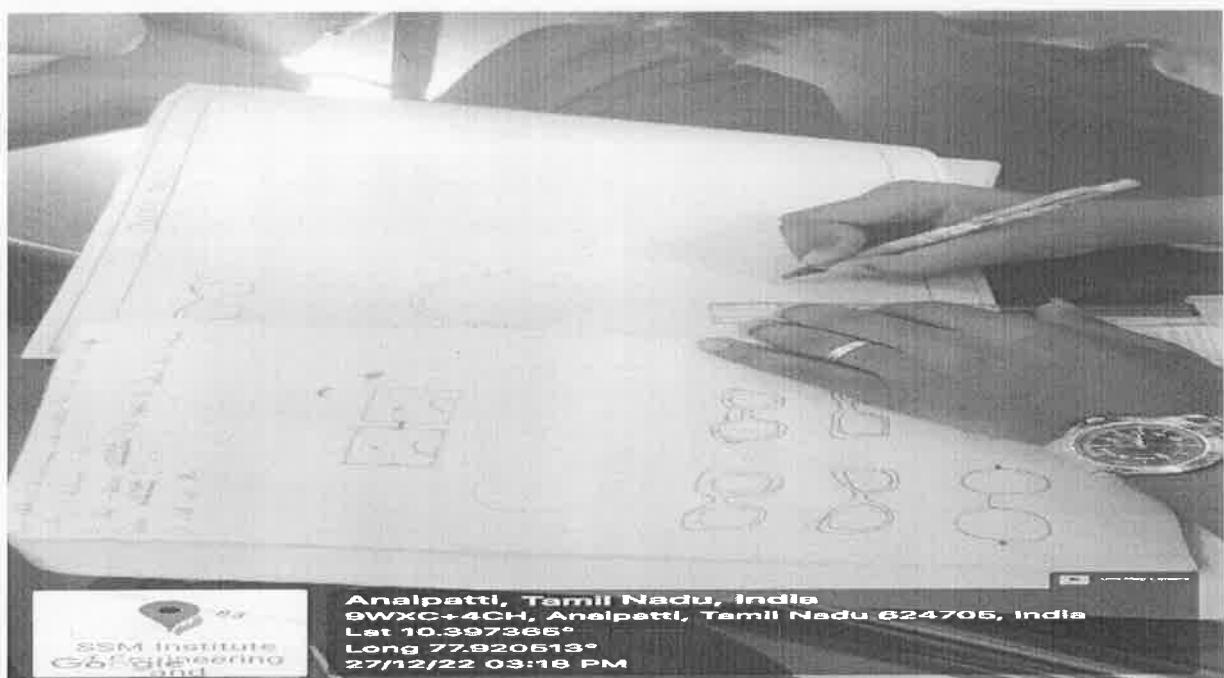

Team	Topic Choosen
Team 1	Ergonomic Chair
Team 2	Smart Switch
Team 3	Smart Fan
Team 4	Traveller shoe(Smart Shoe for Various seasons)
Team 5	Smart Specs
Team 6	Digitalization Helmets

Team 7	KLEXA Air pods
Team 8	Foldable Laptops
Team 9	Smart Pen(Stylo-Metlantikos)
Team 10	Smart ID Card
Team 11	Smart Syntax tank
Team 12	Umbrella Table

Each team presented their customer requirements and the design of their product to all members.

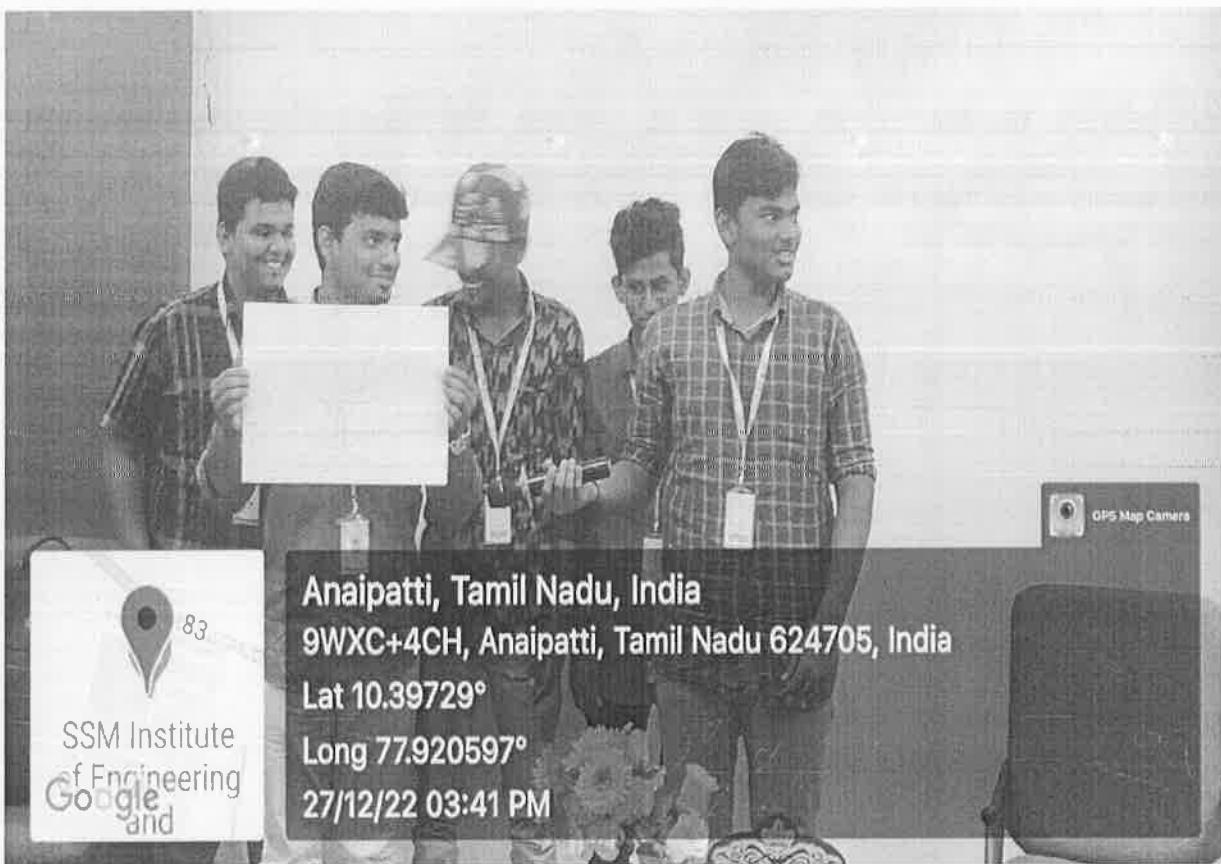

After sketching their design, presented their design in front of all and told about their advantages, Features about their product in detail.

Each and Every point trainer interacts with the students by asking questions and answering them gently. We conclude the workshop by getting feedback from the students and appreciate the efforts taken by the students. We conclude the session at 4.30 p.m and thank the chief guest for their patience, involvement and core to the knowledge he expressed and motivated the students.

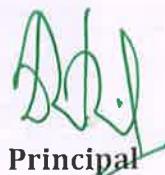

Students learned lot from the session by how simply convert our customer requirements into product and they asked to arrange the detailed marketing strategy also in future.

CIRCULAR

24.01.2023

Speech on “National Youth Day” is scheduled to be conducted on 03.02.2023. Henceforth, 1st year students from all disciplines are requested to attend this event and get benefitted.

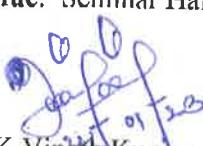

Resource Person:

Ms. Madhumanjari Selvaraj

Public Well Revival Movement
Chennai.

Date & Time: 03.02.2023 & 11.00 AM – 12.30 PM

Venue: Seminar Hall-3

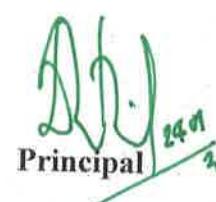

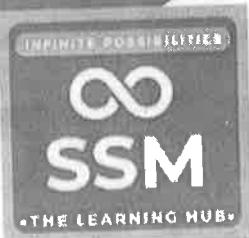

Dr.K. Vinod Kumar
Professor/ECE
President/IIC

1.  24/1/23

Institution's Innovation Council (IIC) Report

Date:03.02.2023

Institution's Innovation Council (IIC) of SSM Institute of Engineering and Technology organized a speech on “**National Youth Day**” on 3rd February 2023 to observe National Youth Day, at 11.00 am at Seminar Hall 3. **Ms. Madhumanjari, Public Well Revival Movement delivered** the Keynote Address. 280 Students and 20 faculty members participated in the seminar and got benefitted. The event started with Thamizh Thai Vazhthu and with a Welcome Address. Then, our chief guest **Ms. Madhumanjari**, led the session with motivational quotes and projected her projects and enlightened all the young engineers

At the end of the session, Miss. Lakshmi Prabaa, ECE-I delivered the Vote of thanks and the session was ended with national Anthem.

CIRCULAR

World Earth Day'2023

Institution's Innovation Council of SSMIET has planned to organize competitions under the Sustainable Development Goals for World Earth Day on May 3, 2023 to create awareness about the need to save our planet and highlight the importance of nature and environment. Students who are interested can register their names to respective event In-charges. Events and In-charges as follows:

S.No	Competitions	Topic	Event In-charges	Date & Time
1	Poster Making	1. Zero Hunger 2. Decent Work and Economic growth 3. Life below water 4. Life on Land	Dr. M. Rameswari, Prof & Division HoD/ Maths	28.04.2023 Time: 2.30-3.30 p.m
2	Just a Minute	Topic will be given on the spot	Mr. A. Manikandan, AP/ECE	28.04.2023 Time: 2.30-3.30 p.m

[Handwritten signatures and initials follow, including President, Co-ordinators, and Principal.]

Prize Winners

World Earth Day'2023

World Earth Day is celebrated every year on April 22nd, and it is a global event aimed at raising awareness and promoting action towards environmental protection. World Earth Day provides an opportunity to raise global public awareness of the challenges to the well-being of the planet and all the life it supports. The Day also recognizes a collective responsibility to promote harmony with nature and the Earth, to achieve a just balance among the economic, social, and environmental needs of the present and future generations of humanity. In celebration of Earth Day 2023, Institution's Innovation Council of SSMIET has planned to organize competitions under the Sustainable Development Goals for World Earth Day on May 3, 2023 to create awareness about the need to save our planet and highlight the importance of nature and environment. Poster making competition is conducted in the theme of "Zero Hunger", "Decent Work and Economic growth", "Life below water", and "Life on Land". The winners of the competition are honored them to give the prizes by the President of Institution's Innovation Council of SSMIET, Dr. K.Vinoth Kumar, Professor/ECE and Vice President of Institution's Innovation Council of SSMIET, Dr.M. Rameswari, Professor & Head/Maths. The principal appreciated the efforts of the students. He also encouraged them to continue taking steps towards saving the planet.

---	--	--

About the Event:

This Program **AADUKALAM- "How to plan for Start-up and Legal & Ethical Steps"** is organized by the Institute Innovation Council cell of SSMIET, **Mrs. Uma Chandrika (MSME/ Madurai)**, Mr. A. Stephen Gasper (MD, Spot Light Technology, Dindigul), Mr. R. Senthil Kumar (Director, Pantech Solutions, Coimbatore) have given the session genesis and highlighted the importance of the workshop.

Mr. D. Manoj, (AP/EEE) delivered the welcome address. Principal **Dr. D. Senthil kumaran** delivered the Presidential Address. He has briefed and given a clear introduction about Startup Activities. He has highlighted the importance of Startup India and its activities.

Mrs. Saranya (Startup TN/ Madurai Hub) delivered the session on How to plan for startups. She has enlightened the steps and procedures to apply for startups. Her topics on legal and Ethical steps have given more ideas to institutes towards the startup managing process. Mrs. Uma Chandrika gave a detailed outline of converting ideas to startups.

Students from various departments have presented their startup ideas and get great inputs from the experts. 10 teams have been presented their ideas in various domains. 43 students and 10 faculties from various departments have attended the session. Mr. M. Selwin (AP/Mech) delivered a vote of thanks.

List of Participants:

- Glimpses of the Training.
- Students Attendance.
- Assessment Sheet.
- Student's Feedback.

About the Event:

SSM Institute of Engineering and Technology is keen on giving the latest technologies to students. The aim of this training is to make students design their own prototype model with the latest 3D printing Technology. A total of 38 students from the department of Mechanical Engineering have actively participated in the training program. Mr. P. Dheenathayalan (AP/Mechanical) and Mr. M. Selwin (AP/Mechanical) have coordinated the event. The event was conducted in Mechanical CAD Lab from 28.03.2023 to 03.04.2023. Students have learnt to design their own model from Tinker CAD and fabricated their model using Fused Deposition Modelling machine.

Objectives of the event:

- Apprise the students of emerging trends in 3D printing technology and its applications in various fields.
- Impart the students with the fundamentals of various 3D printing techniques, such as liquid based, powder based, and solid based.
- Enable the students to use software tools for 3D printing, such as CAD modeling, G code generation, and data conversion.
- Help the students to optimize their design files for 3D printing, such as reducing material usage, ensuring print quality, and dealing with common issues.
- Enhance the student's creativity, design thinking, critical thinking, and collaboration skills by working on 3D printing projects.

Outcomes of the 3D printing Technology Training:

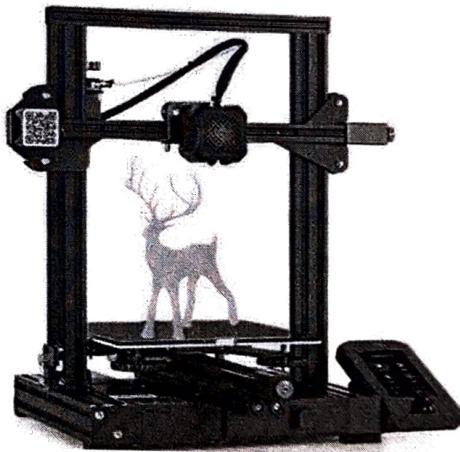

- Students have learnt about the materials, designing of CAD models, working of a 3D printer, and how to build and calibrate a 3D printer.
- Students have understood the basics of G code generation, which is a language used to control the movement and operation of a 3D printer.
- Students have got their own 3D printed models that were designed and fabricated by themselves which helped them to develop their creativity and design thinking skills.
- Enhanced the critical thinking and collaboration skills of the students by working on the 3D printer with other students.
- Students have explored the applications and benefits of 3D printing in various industries such as aerospace, automobile, biomedical, electronics, fashion, and education.

CONVENORS

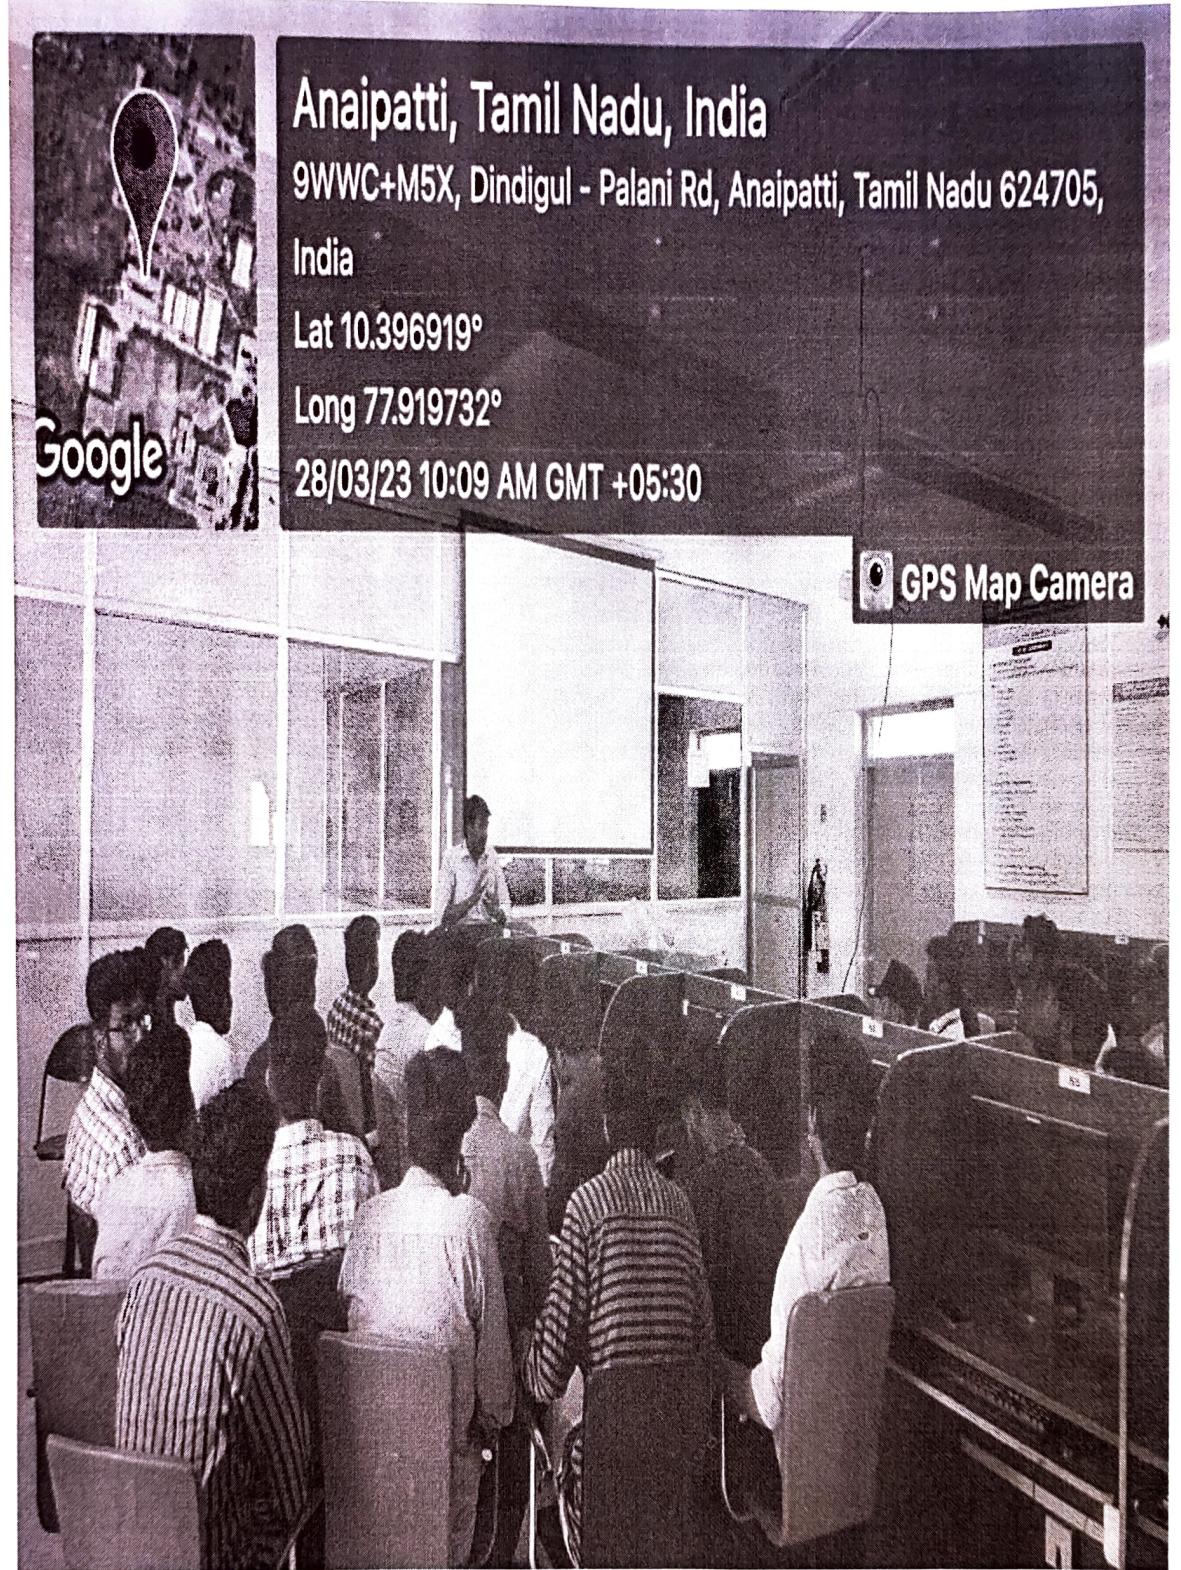

Dr. G. Sankaranarayanan
HOD/Mechanical

Dr. D. Senthil Kumaran
Principal

Event Schedule:

S.NO	DATE	SESSION	MODE OF TRAINING	CONTENT TO BE DELIVERED
1	28.03.2023	FN	Lecture	Introduction: Subtractive vs Additive Manufacturing- History of Additive Manufacturing- Evolution of Additive Manufacturing- Advantages- Applications
2			Video Demonstration	Additive Manufacturing Techniques: Vat photopolymerization, Material Extrusion, Material Jetting, Binder Jetting, Powder bed fusion, Direct energy deposition and Sheet lamination, Selective Laser Sintering, Direct Metal Selective Laser Sintering.
3		AN	Hands on Training	AUTODESK TINKER CAD: Object Modeling using Basic Shapes Library
4	29.03.2023	FN	Lecture	Types of FDM printer: Cartesian, Polar, delta, Robotic (SCARA) Main Parts and Construction of FDM printer: Frame, Linear rods, Linear motion bearings, Slider/Carriage, V slot extrusion, Pulley, belt, Lead screw Arduino processor, Controller board, Limit Switch, Hot end, Extrusion system: Direct Drive, Bowden type, Power Supply, Heat Beds etc
5			Lecture	Principle of FDM/FFF printing, Basic steps to perform FDM printing, Significant process parameters of FDM printing, layer height, raster angle, raster width, build temperature, Nozzle temperature, orientation, printing speed etc.
6		AN	Hands on Training	Ultimaker CURA: Add Printer, Manage Printer, Machine Settings, Modifying G Codes, Customizing Material & Nozzle Size, Importing STL file, Aligning object to Printing Position, Quality Settings, Infill Settings, Printing Temperature, Support Settings, Build Plate Adhesion, Fan Cooling Settings, Slicing: Generating G Code Files. FDM Machine Operations: Filament Loading and Unloading, Menu Control System.
7	31.03.2023	FN	Lecture	FDM Materials: PLA, ABS, PETG, Nylon, PVA, PC, TPU, Carbon reinforced nylon, ceramics, metals, Dual and multi material etc. Introduction to 3D Scanning
8			Lecture	Applications of FDM printer in AM, Applications of AM: Aerospace, Biomedical, Automotive, Bio-printing, Tissue & Organ Engineering, Architectural Engineering, Surgical simulation, Art, Health care
		AN	Hands on Training	Make a cube of any dimension using FDM 3D Printer.
9	03.04.2023	FN	Hands on Training	Download a .stl file of simple object from internet, convert into Gcode and print with FDM 3D Printer at 30% infill density. Download a .stl file of simple object which require support material from internet, convert into G-code and print with FDM 3D Printer. Design and print objects containing moving parts without assembly.
10				Design the Coupling in 3D modeling software and print it using PLA material. Design the Key ring of your own name in 3D modeling software and print it using PLA material. Emboss / Engrave your name on a 3D object and print it with PLA material. Print your photo with the help of LITHOPLANE.
11	03.04.2023	AN	ASSESSMENT

DEPARTMENT OF MECHANICAL ENGINEERING

3D Printing Technology Training Assessment sheet

1. Additive manufacturing uses much less material than other subtractive manufacturing processes.
 a) True b) False
2. Which of the following is typically the cheapest type of 3D printer?
 a) FDM b) SLA c) Powder-based d) SLM
3. What material is not used in 3D printing?
 a) Nylon b) ABS c) PLA d) PVC
4. What does SLS stand for?
 a) Selective laser sintering b) Selective lithographic solution
 c) Separated light sintering d) None of the above
5. Cura is a software which is primarily used for
 a) Designing b) Slicing c) Post Processing your 3D Printed Model
 d) Changing the colour of your model.
6. In Cura , after loading an object , if the object is yellow in colour , it means
 a) The object will get printed in yellow colour.
 b) The object is way too big to be 3D Printed.
 c) There are design errors in the model.
 d) The object can be 3D Printed as it is smaller than the build volume of the 3D Printer.
7. What is an STL?
 a) The initial pre-sliced file.
 b) The final sliced file.
 c) A type of filament.
 d) The coding program.
8. What is infill?
 a) Extra material printed inside to avoid collapse. We usually print at 20%.
 b) The designed object is turned into layers.
 c) Extra material printed on the outside of the object to support overhangs.
 d) The filament is cut.
9. What happens during slicing?
 a) The filament is cut.
 b) The designed object is turned into layers.
 c) Extra material is printed inside the object.
 d) Extra material is printed outside to support overhangs.
10. Name this part of the 3D printer...
 a) Extruder b) Nozzle c) Print Bed d) Axis

11. What are the basic characteristics of 3D Printing?
- a) 3D objects are made in layers, it is an additive process.
 - b) 3D objects are created using a subtractive process.
 - c) 3D objects print from the computer.
 - d) 3D objects are downloaded and printed from the internet.

12. What is a G-Code?
- a) The initial pre-sliced file.
 - b) The final sliced file that the printer reads.
 - c) A type of filament.
 - d) The coding program.

13. What does layer resolution mean?
- a) A kind of filament.
 - b) The shape of the object.
 - c) How detailed the object prints.
 - d) A file types.

14. What are supports?
- a) Extra material printed inside to avoid collapse. We usually print at 20%.
 - b) The designed object is turned into layers.
 - c) Extra material printed on the outside of the object to support overhangs.
 - d) The filament is cut.

15. What is an extruder?
- a) It is the part of the printer that melts the filament.
 - b) It is the part of the printer that pushes the filament down.
 - c) It is the part of the printer that holds the 3D object as it prints.
 - d) It is heated to a lower temperature.

16. What type of 3D Printer do we have?
- a) Cartesian
 - b) Polar
 - c) Delta
 - d) Robot arm

17. Software that enables users to create models in either two- or three-dimensional formats.
(Tinker cad)

- a) Computer Aided Design / CAD
- b) Polylactic Acid (PLA)
- c) Fused Deposition Modelling (FDM)
- d) Additive Manufacturing

18. The interior structure of a 3D printed model.
- a) Nozzle
 - b) Infill
 - c) x-axis
 - d) y-axis

19. The base material that's used to 3D print objects via fused deposition modeling.
- a) Nozzle
 - b) Filament
 - c) Print bed
 - d) Slicer

20. Which file type is most exported from CAD software?
- a) SLDRT
 - b) JPG
 - c) STL
 - d) X3G

DEPARTMENT OF MECHANICAL ENGINEERING

FEED BACK FORM TECHNOLOGY TRAINING ON 3D PRINTING

Name of the Student : SIVARAM.TV (Optional)

Date of the Event: 28.03.2023 to 03.04.2023

Please respond to the following questions by ticking one box only for each question. If you have any criticism or suggestions for improvement. Your views are very important and will help us to improve our events, facilities, etc.

Scoring Example

5	4	3	2	1
---	---	---	---	---

1. The 3D Printing Training provided at this event is relevant to you.

High	<input checked="" type="checkbox"/>						Low
------	-------------------------------------	--	--	--	--	--	-----

2. You are likely to use this information in the future

High			<input checked="" type="checkbox"/>				Low
------	--	--	-------------------------------------	--	--	--	-----

3. Presentations and Hands on Training were interesting and useful.

ONE PAGE WRITE UP TECHNOLOGY TRAINING ON 3D PRINTING

Name of the Student : SIVARAM. TV (Optional)

Name of the Event: 3-D PRINTING

On the ^{MARCH} August of 2023, the SSM
INSTITUTE OF ENGINEERING & TECHNOLOGY has
conducted an workshop on 3-d printing.
It is conducted by Mr. SELWIN and
Mr. Dheenadhayalan, since both of them are
doing their Phd work in 3d printers they have
high knowledge in that field.
Our faculty have two creativity under
3d printer and self made 3-d printer. So,
all the students have designed and
created a model on their own.

After this workshop most of our
students acquired basic knowledge in 3-d printing
technology

On march 2023 the institution conducted workshop on 3D printing. by Mr.Selwin and Mr.Dhayalan, During the workshop all students are active. we all learned a new skill and gain knowledge about 3D printer and slicing software. and designing software. Cfusion 360 , on Shape. workshop was conducted for 4 day but it is not enough for us. So next time conduct work shop minimum 10 days. Nowadays 3d printing technology is growing well . so thank you for initiating the workshop on 3D printing.

INSTITUTION'S INNOVATION COUNCIL

REPORT ON

Expert Talk on

"Creative Business Ideation for Budding Engineers"

by

Dr.T.K.S.Lakshmi Priya,

*Professor and Head of Printing Technology,
Avinashilingam Institute for Home Science and
Higher Education for Women, Coimbatore*

Date & Time : 27-04-2023 (Thursday) & 11.00 a.m

Venue : Seminar Hall - 3

Institution's Innovation Council Cell of SSMIET in view of IPR Day had organized Expert Talk on "*Creative Business Ideation for Budding Engineers*" by Dr.T.K.S.Lakshmi Priya, Professor and Head of Printing Technology, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore was the chief guest of the day. The students of Final Year of all branches had attended the programme.

The programme had commenced at 11:00 AM with the prayer song. The welcome address and Chief guest introduction was given by Mr.A.Chandraprabhu of Final year - Civil Engineering. The chief guest was honoured by Our IIC Cell, President Dr. K.Vinoth Kumar, Prof./ECE.

INSTITUTION'S INNOVATION COUNCIL (IIC)

**REPORT
ON
STARTUP PANEL
DISCUSSION**

**(Connecting Outgoing Graduates
with Startup Ecosystem)**

About the Event:

SSMIET's Institutions Innovation Council have organized a Panel Discussion session on Innovation and Startup "Connecting Outgoing graduates with Startup Ecosystem". Eminent Speakers from various startup ecosystems have given valuable outputs to the students and faculties on How to develop a start- up skills" and about the schemes of government which are providing for the start-up enablers. 164 Students and 15 faculty members from various departments have made their presence in the event. The Event was conducted in hybrid mode (Online and Offline).

Mrs. G. Valarmathi (Associate Professor, Sairam Institute of technology Chennai) initiated the discussion by delivering a wonderful content on "How to convert your ideas to Startups".

The Discussion was further continued by **Mr. G. Simiyon** (Assistant Director, Ministry of MSME, Tirunelveli) by giving valuable outputs on "Various Government Schemes for Initial Startups".

Dr. R. Sankaranarayanan (Manager, Product Design and R&D, ACIC- Mepco Innovative Foundation) have taken the session on " How to Connect graduates with startup Enablers".

The Session was concluded by **Mrs. S. Saranya** (Project Associate, Startup TN, Madurai Regional Hub)

SSMIET/011/July/2023**Date: 22.07.2023****Greetings from SSMIET!**

It's our privilege to invite you for the "**Connecting outgoing Graduates with start – up Ecosystem**" session organized under the Institution Innovation council of SSMIET on 28.07.23(Friday) – 10:30 a.m to 12:30 p.m through online mode. We are expecting you to kindly deliver a valuable speech on "**How to develop a start- up skills**" and to know about the schemes of government which are providing for the start-up enablers. On the behalf of management, we are so glad to invite you for this interactive session with our budding engineers.

We are looking forward for your convenience of attending the session through online mode

You are our valuable speaker and we would want your continued association with the SSMIET.

I herewith attached the google meet link for your reference. Kindly confirm your presence through email latest by 25th July, 2023.

Anticipating a positive and enthusiastic response from you.

WOMEN EMPOWERMENT CELL

Report

on

A Special Talk on WOMEN AS A SUCCESSFUL ENTREPRENEUR

Date: 17/10/2023

Venue: Seminar Hall 3

IIC - PRESIDENT: Dr. K.Vinoth Kumar HoD/CSBS & AIDS

Event Co-ordinators: Dr. G. Selvabharathi, HoD/Civil

Mrs. S. Kavitha, AP/Maths

Mrs. C. Merlin Rani, AP/Civil

SSM Institute of Engineering and Technology, Dindigul.

Institution's Innovation Council and Women Empowerment Cell had organized A Special Talk on "Women as a Successful Entreprenuer" for girl students on 17/10/2023 in Seminar hall 3, SSMIET. The students were asked to assemble at video conference hall at 9.30 a.m. The programme was commenced with the inaugural function at 10:15 a.m. with TamizhThai Valthu, followed by Lighting of Kuthuvilakku by the Chief Guests. Then, welcome address was given by Ms J. Shri Shadha, II Year, ECE. The Chief Guests were honored by the Dr. C. Sujatha, HoD/CSE, Dr. S. Karthigailakshmi HoD/ECE, Dr. K. Vinoth Kumar, Professor/ECE, Mrs. S.Kavitha AP/Maths and Dr. G. Selvabharathi, HoD/Civil. Books were presented to the Chief Guests by Dr. K. Vinoth Kumar. The Dean Academics Dr. S. Karthigai Lakshmi delivered the Presidential Address. Ms. Gracious Louissana of II Year-EEE introduced the Chief Guest Ms. Jennifer Xavier.

At 10.40 a.m. Ms. Jennifer Xavier, President of the Rotary Club, delivered a compelling speech during the special talk. Her address was filled with valuable insights and words of encouragement for aspiring women entrepreneurs. The following key points summarize the essence of her speech:

SSM INSTITUTE OF ENGINEERING AND TECHNOLOGY

Dindigul - Palani Highway, Dindigul - 624 002.
Phone: 0451-2448800-99 (100 Lines) Fax: 0451-2448855
Email: ssmietdgl@gmail.com

Website: www.ssmiet.ac.in

❖ Dispelling the notion:

Ms. Jennifer Xavier began by dispelling the notion that a woman's primary goal should be to marry a wealthy man. She emphasized the importance of women pursuing their own financial independence and success.

❖ Taste of Earning:

She encouraged women to savor the taste of earning their own income. Experiencing the rewards of one's own hard work can be empowering and fulfilling.

❖ Financial Independence:

Ms. Jennifer Xavier stressed that financial independence is a vital element of women's empowerment. It enables them to make choices and decisions without being reliant on others.

❖ Decision Making:

Empowering women to be active participants in decision-making was a central theme of her speech. Ms. Jennifer Xavier highlighted the significance of women making informed choices, both in their personal lives and in their entrepreneurial endeavors.

❖ Family is Also Equally Important:

While advocating for women's entrepreneurial pursuits, Ms. Jennifer Xavier emphasized the importance of maintaining a balance between family and work life. She underscored that family remains a crucial aspect of a woman's life.

❖ Hard Work:

Success in entrepreneurship, she pointed out, requires hard work, dedication, and perseverance. She motivated the audience to embrace the challenges and put in the effort required for success.

❖ Create Your Own Identity:

Ms. Jennifer Xavier encouraged women to break away from societal norms and relationships to create their own identities. She highlighted the significance of personal accomplishments and achievements.

❖ Burning Desire:

A significant point in her speech was the importance of having a burning desire to succeed. She highlighted that unwavering ambition and a strong internal drive are often key factors in achieving one's goals.

❖ Ambition:

Lastly, Ms. Jennifer Xavier spoke about the importance of ambition. She encouraged women to nurture their ambitions, have a clear vision, and work relentlessly to transform their aspirations into reality.

Ms. Jennifer Xavier's speech was met with enthusiastic applause from the audience and left a lasting impression. Her words served as a source of inspiration and motivation for women looking to embark on their entrepreneurial journeys. Her insights encouraged women to aim for

financial independence, embrace hard work, create their own identities, and pursue their ambitions with a burning desire.

Then, at 11.10 a.m. Ms. Upasnasree of II Year-ECE introduced the Chief Guest Ms Nandhini Shankar. Ms. Nandhini Sankar, the Managing Director of Classic Creator, delivered a compelling and deeply personal speech that resonated strongly with the audience during the special talk. Her life story is a testament to resilience, determination, and an unwavering commitment to her dreams. Here are the key points from her speech:

❖ **The First Graduate in Her Family:**

Ms. Nandhini Sankar began her speech by revealing that she was the first person in her family to graduate. This achievement set the stage for her future endeavors and underscored the value of education and empowerment.

❖ **Overcoming Challenges:**

She shared her early struggles, including passing a demanding bank exam and clearing Group 2 examinations. These challenges served as stepping stones on her path to success.

❖ **Transition to Entrepreneurship:**

Ms. Nandhini Sankar detailed her transition from her family's business, particularly in printing, to the field of design. This shift reflected her willingness to explore new horizons and pursue her true passion.

❖ **Building Renowned Brands:**

Her journey in the field of design led her to collaborate with top brands such as Anil, Thalappakatti, and Vaahaa. Her achievements underscored her talent, dedication, and hard work in establishing partnerships with esteemed brands.

❖ **Advice to Aspiring Entrepreneurs:**

In her closing remarks, Ms. Nandhini Sankar imparted invaluable advice to students. She emphasized the importance of continuous self-improvement, highlighting the need to constantly upgrade their skills, read, and engage in research. Her message served as a call to action, encouraging students never to settle for mediocrity.

❖ **A Remarkable Balance:**

It's truly remarkable that in addition to being a successful entrepreneur, Ms. Nandhini Sankar also takes on the important role of caring for her elderly parents and in-laws. Her ability to balance her entrepreneurial pursuits with family responsibilities exemplifies her commitment and dedication not only to her work but also to her loved ones. This is a testament to her strength and the values that guide her life. It's an inspiring example of how individuals can successfully manage multiple roles and responsibilities.

Ms. Nandhini Sankar's speech was met with a resounding ovation and left a profound impact on the audience. Her journey from personal struggles to professional triumph was a source of inspiration. Her story exemplified the significance of resilience, determination, and the pursuit

of one's true passions. Her words motivated the audience to relentlessly strive for self-improvement and to never settle for less.

Then, at 11.45 a.m. Ms. Devipriya of II Year-ECE introduced the Chief Guest Ms. S. Nirmala. Ms. S. Nirmala, the Proprietress of Neela Products, delivered a heartfelt and motivating speech during the special talk on "Women as Successful Entrepreneurs." Her story is a testament to the incredible power of passion and determination. Here are the key points from her speech:

❖ Rising from Modest Beginnings:

Ms. Nirmala opened her speech by sharing her humble background, highlighting that she came from a modest and economically disadvantaged family.

❖ Pursuit of Education:

Despite her challenging circumstances, she was determined to pursue education and managed to complete her schooling up to the 12th grade. Her commitment to education was the first step in her journey towards success.

❖ A Career in Teaching:

Ms. Nirmala went on to become a teacher, contributing to society through her educational efforts. However, she took a break from her teaching career to care for her children.

❖ From Crafts to Entrepreneurship:

During her time away from teaching, she engaged in crafting small projects using materials like coconut shells and fur toys. These creative endeavors ignited her entrepreneurial spirit.

❖ Learning the Art of Selling:

Ms. Nirmala realized that her creations had market potential. She embarked on the journey of learning how to sell her crafted items, turning her passion into a business opportunity.

❖ Diverse Product Range:

As she gained confidence and expertise, she expanded her product line to include homemade chocolates, millet chocolates, and more. Her commitment to quality and innovation shone through in her products.

❖ The Role of Passion and Love:

Ms. Nirmala emphasized that passion and a deep love for one's work are essential for success. Her story exemplified how dedication and enthusiasm can transform a hobby into a thriving business.

❖ Overcoming Barriers:

She conveyed a powerful message that looks, educational background, and language should not be barriers to pursuing one's dreams. Her journey demonstrated that determination can overcome any obstacle.

❖ The Importance of Doing Your Best:

In her closing remarks, Ms. Nirmala urged the audience to do their best in whatever they do. Her story illustrated how consistent effort and a positive attitude can lead to remarkable achievements.

Ms. S. Nirmala's speech was met with admiration and applause from the audience. Her journey from a humble background to a successful entrepreneur showcased the transformative power of passion and hard work. Her words served as a powerful source of inspiration for aspiring entrepreneurs and individuals aiming to make a difference through their endeavors.

Then, at 12.15 a.m. Ms. Senthamizhiniya of II Year-CSBS introduced the Chief Guest Ms. Vijaya Lakshmi. Ms. Vijayalakshmi Sivakumar, the CEO of Vaahaa Naturals, delivered an enthralling and empowering speech during the special talk on "Women as Successful Entrepreneurs." Her journey is a remarkable example of transformation and resilience. Here are the key points from her speech:

❖ **Privileged Background:**

Ms. Vijayalakshmi Sivakumar began her speech by acknowledging her fortunate background, marked by sophistication and comfort. Despite her privileged upbringing, she expressed that she initially had limited decision-making authority.

❖ **Transformation Through In-Laws:**

She shared that her life underwent a profound transformation after joining her in-laws' family. With their support and encouragement, she gained the opportunity to explore her potential.

❖ **The Turning Point:**

Ms. Vijayalakshmi Sivakumar revealed that the turning point in her life came after the loss of her brother and father. This personal tragedy ignited her interest in farming and agriculture.

❖ **Foray into Farming:**

Driven by her newfound passion for farming, she embarked on the journey of creating farms. Her commitment to sustainable and organic practices underscored her dedication to responsible farming.

❖ **Organic Product Production:**

She transitioned from farming to the production of organic products. Her entrepreneurial journey was characterized by the development and sale of natural and organic goods.

❖ **Empowering Women:**

One of the most impactful aspects of her speech was her commitment to providing employment opportunities for women. Ms. Vijayalakshmi Sivakumar emphasized her dedication to empowering and supporting women in her community, thereby promoting gender equality.

Email: ssmietdgl@gmail.com Website: www.ssmiet.ac.in

Ms. Vijayalakshmi Sivakumar's story was met with resounding applause and admiration from the audience. Her journey from a life without decision-making authority to a successful CEO was profoundly inspiring. Her commitment to organic farming, sustainable practices, and the empowerment of women served as a powerful testament to her dedication to social responsibility and positive change.

Then, at 12.45 a.m. Ms. J. Shri Shadha of II Year-ECE introduced the Chief Guest Ms. Divyadharshini.

Ms. D. Divyadharshini, the Proprietress of Elite Engineering Works, delivered a compelling speech during the special talk on "Women as Successful Entrepreneurs." Her address was marked by valuable insights and practical advice for budding entrepreneurs. Here are the key points from her speech:

❖ **The Significance of Networking:**

Ms. Divyadharshini emphasized the importance of networking in the world of entrepreneurship. She highlighted that building and nurturing relationships with other professionals and entrepreneurs can lead to valuable opportunities.

❖ **Seizing Opportunities:**

She encouraged the audience to actively seek out opportunities. Ms. Divyadharshini shared that opportunities may not always come knocking; one must be proactive in identifying and capitalizing on them.

❖ **Continuous Skill Improvement:**

One of the key takeaways from her speech was the need for ongoing skill improvement. She emphasized that learning and growing professionally are essential for success. Constantly refining one's skills is a path to staying relevant and competitive.

❖ **Setting Clear Goals:**

Ms. Divyadharshini stressed the significance of having clear and well-defined goals. She discussed how having a vision and setting goals can provide a sense of purpose and direction in one's entrepreneurial journey.

❖ **Working Towards Goals:**

In line with goal-setting, she shared that merely having goals is not enough; one must work consistently and diligently toward achieving them. Dedication and hard work are the foundations of success.

❖ **Uniqueness and Creating an Impression:**

She advised the audience to be unique in whatever they do. Being distinctive sets one apart from the competition. Furthermore, creating a lasting impression on clients and partners is key to building a strong brand and reputation.

❖ **Popularity and Recognition:**

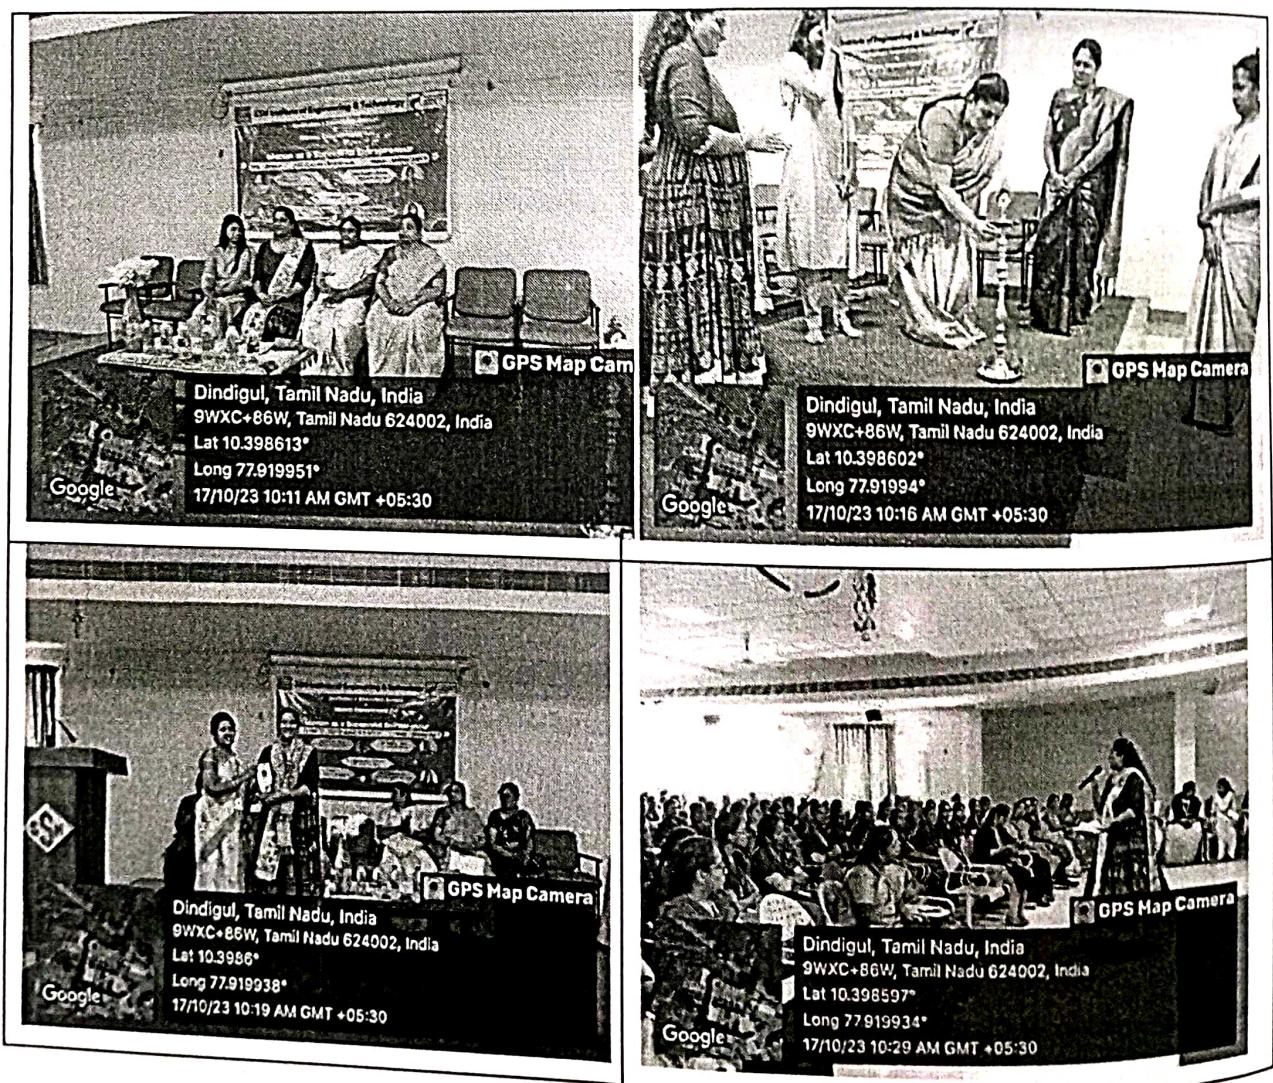

Ms. Divyadharshini concluded her speech by emphasizing that popularity and recognition can be assets in the entrepreneurial world. Becoming known for one's expertise and contributions can open doors to new opportunities.

Ms. D. Divyadharshini's speech provided a wealth of practical advice for individuals aspiring to be successful entrepreneurs. Her insights on networking, skill improvement, goal setting, and uniqueness are valuable takeaways for those looking to make a significant impact in the business world.

At 1.00 p.m. Ms. Senthamizhiniya of II Year- CSBS delivered the Vote of Thanks.

At 1.05 p.m, the Programme ended with National Anthem.

Visit Report

Day 1

Visit to “EDII Periyakulam Horti Business Incubation Forum”

SSMIET Foundation for Incubation arranged a Technology Business incubation visit at EDII Periyakulam Horti Business Incubation Forum, Mr.Manoj, Business Incubation In-charge, Mr.C.Silambarasan, AP/Mech, and Mr.U.Karthick, AP/Mech along with StartupTN campus circle Student members visited . The purpose of the visit was to learn more about the EDII PBIF and its work in supporting the development of Start-ups.

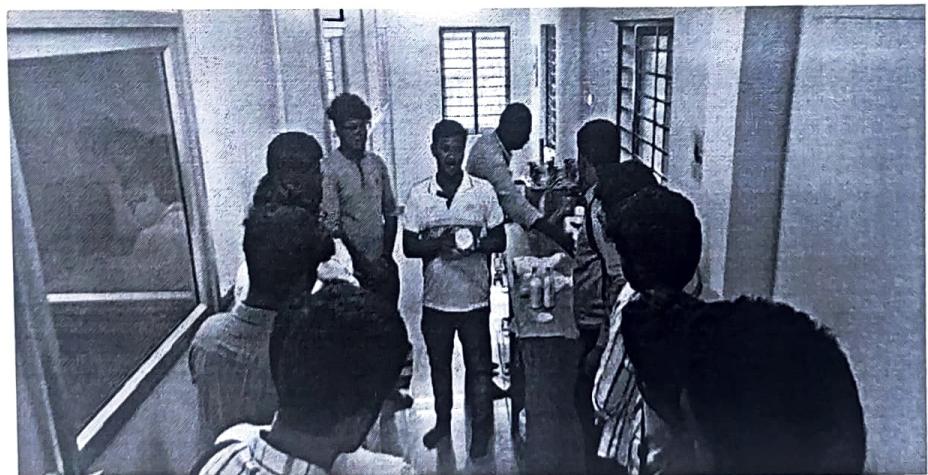

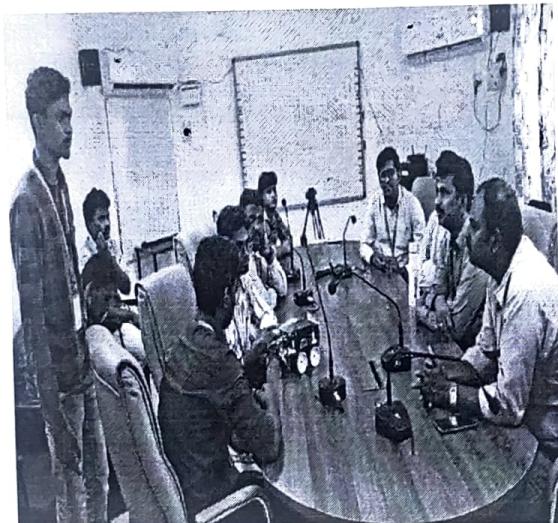

The visit began with a presentation by the EDII PBIF team on the organization's history, mission, and services. The presentation highlighted the EDII PBIF focus on providing start-ups and early-stage agriculture businesses with access to mentors, investors, and co-working space.

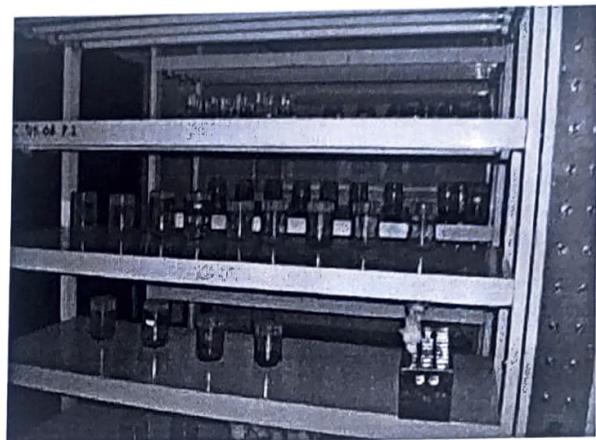

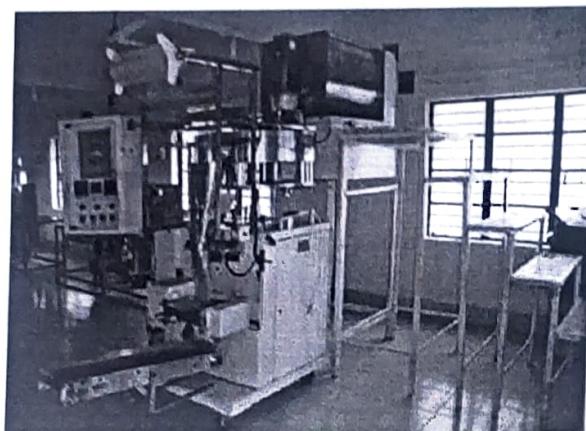

After the presentation, the students and faculty members visited several start-ups and early-stage businesses that are being incubated at the EDII PBIF. The visits gave the students and faculty members an opportunity to learn about the businesses' products and services, and to meet with the founders and CEOs of the startups.

The students and faculty members also participated in a interactive session with the EDII PBIF team. The session gave the students and faculty members an opportunity to ask questions about the EDII PBIF and its work. Followed by field visit to Herbal nurseries, Milky mushroom production plant, Bio-Control Laboratory, Tissue Culture Laboratory, Poly-green House, Solar Drier Unit for Moringa Leaves, Moringa Pulverizer unit.

Overall, the exposure visit to the EDII PBIF was a valuable learning experience for the students and faculty members from SSMIET. The visit helped the students and faculty members to learn more about the Agriculture Incubation, its work, and the opportunities it provides for entrepreneurs in the agriculture sector.

Photos-Students interaction with Mr.S.Vasanthan,CEO,EDII PHBIF

Day 2:

The Field visit to the Milky Mushroom production Plant had several specific outcomes for the students and faculty members from SSMIET. These outcomes include:

Gained a better understanding of the milk mushroom cultivation process. The students and faculty members learned about the different stages of the milk mushroom cultivation process, from spawn preparation to harvesting. They also learned about the different factors that affect milk mushroom growth and yield.

Learned about the challenges and opportunities facing milk mushroom farmers. The students and faculty members learned about the challenges and opportunities facing milk mushroom farmers in the Periyakulam region. They also learned about the work of the EDII Periyakulam in supporting milky mushroom Startup.

Developed a network of contacts with potential mentors, investors, and collaborators. The students and faculty members had the opportunity to interact with the EDII Periyakulam team, as well as with the milk mushroom Startup. These interactions helped the students and faculty members to develop a network of contacts that they can use to support their own research and entrepreneurial endeavours.

Mr.S.Vasanthan, CEO gave a tour of the greenhouse and explained the different components of the system. The greenhouse is made up of a steel frame covered with plastic sheeting. The shade cloth is used to reduce the amount of sunlight that reaches the plants.

The greenhouse is divided into two sections. The first section is used to grow tomatoes. The tomatoes are planted in raised beds and watered with a drip irrigation system. The second section is used to grow cucumbers and peppers. The cucumbers and peppers are grown in hanging baskets.

Students were impressed with the poly-green house. It is a well-designed system that provides a controlled environment for plant growth. The greenhouse is used to grow a variety of crops, which shows that it is a versatile system.

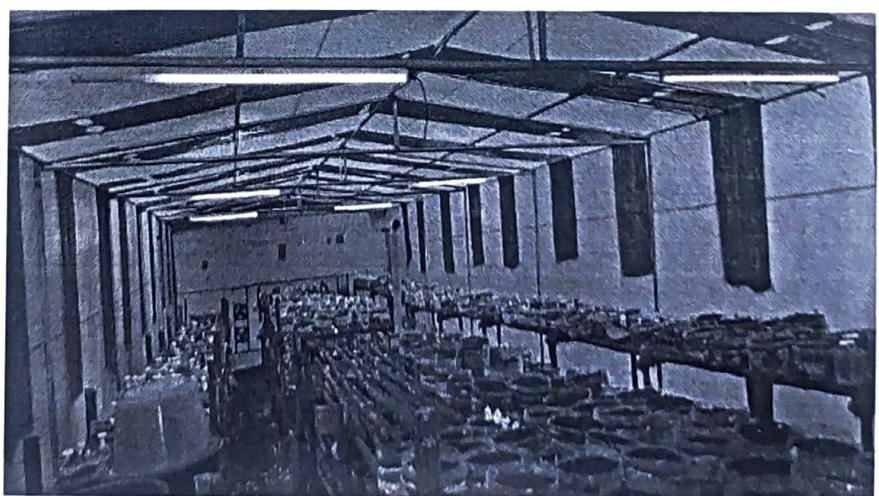

Specific observations:

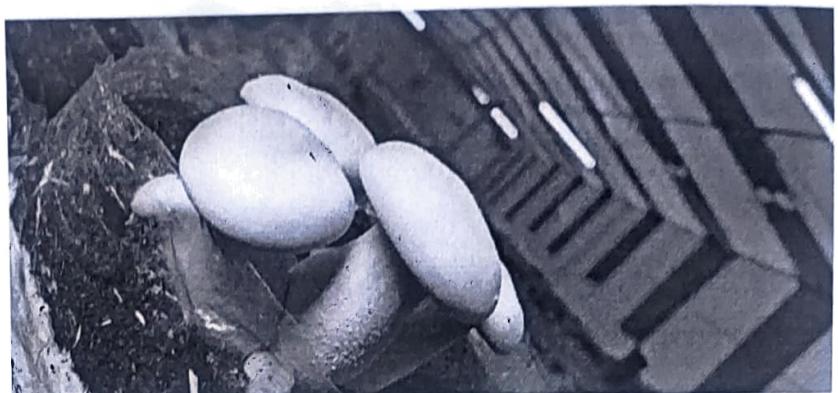

The tomatoes in the greenhouse were healthy and well-grown. The tomatoes were red and ripe, and they had a good flavour.

The cucumbers and peppers in the greenhouse were also healthy and wellgrown. The cucumbers were long and green, and the peppers were red and green.

The greenhouse was well-maintained. The plastic sheeting was clean and in good condition, and the shade cloth was properly installed.

ABOUT THE EVENT:

Institution Innovation Council of SSMIET in view of incorporating innovative mindset among young Engineers organized a **Motivation Session on “UNLOCKING YOUR POTENTIAL BY INNOVATIVE MINDSET” by Mr. Vinoth Balasundar, Director, Elite Group of Companies, Dindigul.** The programme had commenced at 10.30 AM with the prayer song. The chief guest was honoured by Dr. K. Vinoth Kumar, President IIC.

ABOUT THE CHIEF GUEST:

Vinoth Balasundar is a scientist, who also happens to be a stellar painter and a gut-busting writer. He holds his basic degree in Civil Engineering and a master's degree in structural engineering. He was working as an aerospace scientist at the Council of Scientific and Industrial research before he started his work at science for society program at the Ministry of Science and Technology. He has worked across 21 states in more than 200 villages to augment the quality of life and the income of the underprivileged communities.

Currently he is taking care of his family businesses, expanding from the construction industry to automobile and good industry.

OBJECTIVES OF THE EVENT:

The main focus of the program is to

- Help students to expand their entrepreneurial toolbox
- To Create an environment of inventions and innovation.
- To learn business skills from successful innovators
- Provides opportunity to observe the foot prints of successful innovators.

OUTCOMES OF THE EVENT:

- The program yielded several positive outcomes, including increased awareness and understanding of innovative mindsets among the participants.
- Students have learnt the basics steps to convert ideas into products.
- Learn the hurdles and difficulties initially faced by the resource person in his life journey.
- Students were motivated to start their own journey in the world of innovation.
